TEN PAGES TODAY

HEROIC DEAD WILL REMAIN IN FRANCE

Contrary to Previous Announce-
ments, Bodies Will Not be Ship-
ped Back Here For Burial

12 LOCAL BOYS BURIED THERE

Thirteenth Probably Gave His Life
For His Country But His Fate
May Never Be Known

Contrary to previous announce-
ments, America's heroic dead, 70,000
of them, will not be returned to the
United States for internment, ac-
cording to a dispatch from Wash-
ington which gives what is regarded
as an authoritative version of the
war department's decision.

This means that relatives of the
twelve former Rush county men who
gave their lives for their country
and are buried in France, will not
have the opportunity of placing
their bodies in a final resting place
here, as had been confidently ex-
pected up to this time.

Thirteen former Rush county sol-
diers were killed or died in France,
but it is not at all probable that the
body of Private Oval Green of the
marine corps, son of Mr. and Mrs.
Joe Green of Anderson township,
will ever be found. He was reported
missing in action July 18, 1918, in
the midst of the second battle of
the Marne. Indirect word has been
received that he has been seen to fall
wounded, and probably died on the
battle field.

Several soldiers from this county
were killed in action and lie buried
in France: Private Carl Jackson,
Private Elbert H. Cox, Private Char-
les Prather, Private Charles E. Gar-
rison and Sergeant Ralph Moore, all
of Rushville. Private John W. Der-
rin of near New Salem and Private
Cyrus E. Pattison of Manilla.

Private Murray R. Dawson of
Glenwood, Private James Shanahan
of near Rushville and Private Mar-
shall Innis of Milroy died of wounds
received in action and Private Ray-
mond Hamilton of this city and Pri-
vate Fred Kessler, Jr., of Manilla,
died of disease in France.

Instead of shipping the bodies
home for internment, it is announced
that a great national cemetery prob-
ably will be created in the war zone
of France, where all the bodies will
be buried. The land for this ceme-
tery will be contributed by the
French government and will be cared
for jointly by the two governments.
It is planned to make the cemetery
one of the most beautiful in the
whole world.

The greatest artists, sculptors
and landscape architects in France
and the United States will be called
on, according to the plan, to contrib-
ute their ideas toward beautifying
the cemetery and toward making a
monument unsurpassed anywhere
for simplicity and grandeur.

The war department, it is said, has
receded from its original intention
Continued on Page Three

FALSE ALARM AT MIDNIGHT

Department Also Answers Call To-
day When Flue Catches Fire

Another false alarm was turned in
last night, causing the city fire de-
partment to make a run about mid-
night. The city has offered a reward
of \$25 for the apprehension and
conviction of the person or persons
guilty of this offense because it has
been frequent lately. The offender
will be seriously dealt with if he is
found.

The department was also called
to Al Linville's shoe shining parlor
this morning when a flue caught fire.
No damage was done to the building
although the fire looked dangerous.
The fire department acted on the
theory that an ounce of precaution
is worth a pound of cure.

HARRIET Z. STIERS IS DEAD

Widow of W. R. Stiers Expires at
Her Home Near Mays

Mrs. Harriet Z. Stiers, age 71,
widow of the late W. R. Stiers died
yesterday afternoon at her home
northeast of Mays at 3:30 o'clock.
Death was caused by a complication
of diseases. Mrs. Stiers was a mem-
ber of the Raleigh Christian church.
She is survived by three sons, Ed-
gar Stiers of Gwynneville, Oris
Stiers of Kokomo and William M.
Stiers of Kansas City and one
daughter, Mrs. Alma Warriek of this
city. The funeral services will be
held Saturday morning at 10 o'clock
at the Raleigh Christian church. In-
terment will be made at the church
cemetery. Mrs. J. B. Downey of this
city was a sister.

CONTINUATION OF CO-OPERATION ASKED

Statement by Postmaster General
Urging Support of Thrift Move-
ment Received Here.

ASKS POSTMASTER HUNT'S AID

An urgent appeal for postmasters
to continue their co-operation in the
sale of War Savings stamps and do
everything in their power to support
the thrift movement of the govern-
ment this year, is contained in a
statement by Postmaster General
Burleson which has been received by
Postmaster G. P. Hunt. The state-
ment says:

"The Postoffice Department deeply
appreciated the splendid patriotic
War Savings service of the postmas-
ters during the year 1918, and inas-
much as the thrift movement is to be
one of the major operations of the
United States Government for the
year 1919 the Post Office Depart-
ment earnestly asks our co-opera-
tion with the county, city and town
War Savings chairmen. It is not
true, as many seem to believe, that
the war is over. The war is not over
and will not be over, so far as our
people are concerned, until the fi-
nancial obligations we have incurred
have been completely discharged.

"As a representative man of
your community there devolves upon
you a duty to our country and to the
people with whom you come in con-
tact to co-operate in this most im-
portant activity sponsored by our
government. Hence, I bespeak your
cordial co-operation in War Savings
for this year."

IS ATTACKED BY HUN WHOM HE BEFRIENDED

Major E. K. Westhafer, Son of Ar-
lington Minister, Has Souvenir
of Narrow Escape.

MILITARY POLICE SAVED HIM

Major E. K. Westhafer, son of the
Rev. M. F. Westhafer of Arlington,
who has charge of the medical corps
on the ship Susquehanna, bringing
home sick and wounded soldiers
from France, spent the week end
with his parents at Arlington. He
returned from Newcastle to Arling-
ton today and will leave for Trenton,
New Jersey where he is assigned to duty.

Among the souvenirs which Major
Westhafer has is a knife with a seven-
inch blade, with which a wounded
German prisoner attacked him when
he was dressing the soldier's wound.
The German had it secreted in his
boot. The quick interference of one
of the military police saved Major
Westhafer from more than a slight
wound.

Nearly all Japanese soldiers are
expert gymnasts, and every barrack
has a gymnasium

DISSENTION OVER ANTI-GERMAN BILL

Negley Senate Measure, However, is
Recommended for Passage. With
Amendments, in House

WOULD INVESTIGATE BAKER

Resolution in Senate Protests
Against Release of Conscientious
Objectors From Prison

BULLETIN.

Indianapolis, Ind., Feb. 13. The
house late today passed by unani-
mous vote the Negley and Lowe
bill, which repeals the law allowing
teaching of German in grade schools
and which prevents the use of any
language other than English in giv-
ing instruction in the grades.

Indianapolis, Feb. 13.—Dissent
cropped out among members of the
education committee of the house
today over the Negley bill to repeal
the law permitting the teaching of
German in graded schools, which
was reported out with amendments,
with the recommendation that it be
passed.

Representative Barker, a member
of the committee, declared that it
had been agreed at a committee
meeting Tuesday night to report the
bill without amendments. The chair-
man of the committee, Representa-
tive Kessler, claimed that it had
been agreed to amend the bill and
that the amendments were written
at a meeting of the committee last
night, which Barker did not attend.

Speaker Eschbach stated that
amendments were necessary to cor-
rect the phraseology of the bill,
saying that when it came to the sen-
ate, it would have prevented the
teaching of anything but English in
the schools, and that there were
several other mistakes.

He stated, however, that every-
one would be given an opportunity
to present their views on the bill,
and suggested that the committee
hold a meeting immediately and
reach an agreement. This was done
and the same report amending the
bill and recommending it for pas-
sage, was presented and adopted.

The bill will probably now be
given a clear road, as the republic-
ans have agreed in caucus to sup-
port it.

A joint resolution protesting
against release of conscientious ob-
jectors from Leavenworth prison by
Secretary of War Baker and asking
congress to investigate the entire
administration of Baker as secre-
tary of war, was introduced by Sen-
ator Negley, republican floor leader.

Senator Van Auken, democratic
leader, declared the resolution
should be thoroughly investigated by
a committee before the senate takes
action on it, as it "virtually made
the charge of pro-Germanism
against the secretary of war."

The motion was referred to the
committee on federal relations.

The bill providing for all time
health officers was defeated in the
house when a majority report favor-
ing indefinite postponement was
adopted.

Senator Van Auken introduced a
bill providing severe penalties for
Bolsheviks.

Referendum vote on legislation on
the petition of 10 percent of the
voters, is provided in a bill present-
ed by Senator Alldredge.

Representative Jinnett introduced
a bill increasing salaries of commis-
sioners.

Speedy enactment of the anti-Ger-
man language bills now before the
legislature, was in prospect today.
The legislators who had any ten-
dency to hold up the measures, have
changed their attitudes as the re-
sult of the hundreds of protests
against delay received from all sec-
tions of the state.

The house, after several times
postponing action on House bill No.

WILSON PLANS TO RETURN TO FRANCE

Indicates in Speech He is Convinced
League of Nations Will Not be
Completed When He Leaves

EXTENSION OF ARMISTICE

Report Says Allies Will Reserve
Right to Suspend it if Ger-
mans do not Meet Terms

Paris, Feb. 13.—President Wilson
in addressing the French and as-
sociated powers today indicated he
was convinced that work on the
league of nations will not be com-
pleted before his return to the United
States.

"I am confident that after my re-
turn to France we will celebrate its
completion," he said.

Marshal Foch today completed
the conditions on which extension of
the armistice will be based and was
prepared to present it to the Ger-
man delegates at Treves.

The supreme war council has de-
cided, says a Havas report, that the
armistice with Germany will be re-
newed February 17 for a brief pe-
riod, with the allies reserving the
right to suspend it at any time in the
event of Germany's failure to carry
out new clauses or those which
have hitherto not been executed. It
is said the terms will provide that
the Germans must cease hostilities
against the Poles, and retain their
forces within fixed limits.

During the brief period of the re-
newed armistice a special commis-
sion will definitely draft the condi-
tions of an armistice which will last
till the signature of the peace pre-
liminaries. These conditions, which
the supreme war council is reported
to have approved in a rough form,
have in view, it is said, the demoli-
tization of the German army and
the disarmament of the enemy under
the supervision of the allies. These
terms, it is understood, will be com-
municated to Germany so that the
national assembly at Weimar will
have time to deliberate on them un-
til the provisional armistice expires.

Before leaving for Treves today,
where he is to meet the German ar-
mistice commission February 17,
Marshal Foch interviewed Premier
Clemenceau. The marshal and the
premier at this meeting began the
draft of the armistice provisions
which the supreme council was ex-
pected to consider immediately.

The question of establishing a
large military police force under the
league of nations was to be discus-
sed at today's meeting of the league's
committee.

It is reported that M. Clemenceau
made an impressive speech at yester-
day's sitting of the council,
showing the necessity of taking all
possible precautions against Ger-
many. At the afternoon sitting,
President Wilson is declared to have
adopted the same viewpoint, affirm-

DEMONSTRATION PUT DOWN

Revolutionary Movement Starting in
Bucharest is Suppressed.

(By United Press.)

Copenhagen, Feb. 13.—A revolu-
tionary demonstration was sup-
pressed by troops in Bucharest, it
was reported in a Berlin dispatch re-
ceived today. Crowds attempted to
storm King Ferdinand's motor car.
Strikes are spreading throughout
Roumania, according to the dis-
patches.

King Ferdinand was wounded
when the Royal Palace of Buchar-
est was bombarded by Roumanian
revolutionists, according to a Vien-
na dispatch. The Royal family is
reported to have attempted to es-
cape to Jaffy, but workmen prevent-
ed them. The revolution is said to
be spreading throughout the coun-
try.

MILO DAWSON, AGE 41, DIES

Son of Mr. and Mrs. M. C. Dawson
Expires at Madison

Milo Dawson, age forty-one years,
son of Mr. and Mrs. M. C. Dawson
of East Eleventh street, died at the
Southeastern Indiana hospital for
the insane at Madison, according to
word received here today, and the
remains will arrive here tonight for
funeral services and burial. Mr.
Dawson was an inmate of the hos-
pital for more than ten years. Be-
sides his parents, he is survived by
two sisters, Mrs. Ross Friend of
near Orange and Mrs. Ray Reeves
of Indianapolis. He was never mar-
ried. Arrangements for the funeral
have not been made.

THREE DIVORCES ARE GRANTED BY THE COURT

Decrees of Separation All Issued
With Provision That Plaintiffs
Pay Costs

ONE ENJOINED FOR MARRIAGE

Three divorce suits have been
granted in the circuit court since
yesterday afternoon, all with the
proviso that the decree shall not be
issued until the costs are paid. The
plaintiff won in each case.

Oscar C. Bailey, a former soldier,
this morning won the suit for
divorce against his wife Esther K.
Bailey, who failed to appear. Bailey
was also enjoined from marrying
for two years.

Bessie M. Boyer was granted a
decree of separation from her hus-
band, John H. Boyer, and allowed
\$5.50 a week for the support of
their children. The evidence in the
case was heard February 8 and taken
under advisement.

Martha E. Durham was success-
ful in gaining a legal separation
from James O. Durham and her
maiden name of Black was restored.
She was also allowed \$15 attorney's
fees, which the defendant was or-
dered to pay. Mrs. Durham was in-
structed by the court to return sev-
eral articles of personal property
which belonged to Durham.

I. & C- OFFICERS ALL RE-ELECTED FOR YEAR

No Action on Extension of Traction
Line to Cincinnati is Taken
at Annual Meeting

CLAUDE CAMBERN, DIRECTOR

Indianapolis, Ind., Feb. 13.—The
officers of the Indianapolis & Cin-
cinnati Traction Company were re-
elected at the annual meeting of the
stockholders held in the company's
offices Wednesday. Reports for the
year were read and directors were
elected, who elected the officers.

Charles L. Henry, of Indian-
apolis, is president of the company;
Theodore F. Rose, Muncie, vice-
president; John J. Appel, Indian-
apolis, secretary; John F. Wild, In-
dianapolis, treasurer. Other members
of the board of directors are W. T.
Durbin, of Anderson, former Gov-
ernor of Indiana; William J. Alford,
Anderson; George A. Ball, Muncie,
Claude Cambern, Rushville and John
T. Beasley of Terre Haute.

While the net earnings of the
company were \$135,959.03 for the
year, a deficit of \$36,763.75 is
shown after deducting fixed charges.
No action was taken at the meeting
on the proposed extension of the
company's line to Cincinnati.

CROWDER RENOMINATED

Washington, Feb. 13.—Major Gen-
eral Enoch Crowder was today re-
nominated by President Wilson as
judge advocate general with the
rank of major general for four
years, beginning February 15.

UNEMPLOYMENT IS NOT IN PROSPECT

With Many Public Improvements
Contemplated Here, There Will
be no Idle Labor

ROAD WORK IS BIGGEST ITEM

Rushville Will Offer Opportunities
For Idle Men—Farms Not on
Pre-War Basis Yet

There will be no occasion for un-
employment in Rush county, even
with hundreds of soldiers back in ci-
vilian life, because of the many im-
provements which are contemplated
for the spring and summer. As soon
as the weather is settled, work will
start in Rush county on a larger
scale than ever in the history of
the county, it is believed by many
men who have been looking ahead.

First of all, there is the question
of new roads. Held in for more
than a year by war-time restric-
tions on road building, good roads
advocates are going the limit in an
endeavor to get all the roads the
law will allow, and it is predicted
that practically every township in
the county will exhaust its town-
ship road fund.

The new roads which will be
built in Rush county this year will
provide labor for hundreds of men.
Already petitions for two perman-
ent highways—one in Rushville and
one in Noble township—have been
presented and will most likely be
granted by the commissioners. In
addition, it is expected that still a
second permanent highway will be
ordered in Rushville township. At
least a half score of gravel and
macadam roads will be built this
summer, if there are enough con-
tractors to do all of the work, judg-
ing from the petitions which have
been presented and which are being
circulated.

New roads will be only one small
item in the public work which is un-
der consideration. If the hospital
carries at the special election Feb-
ruary 25, it is regarded as probable
that work can be started on it be-
fore the summer wanes. This will be
a big job entailing the employment
of many men.

The city of Rushville also has
under consideration work which will
provide an opportunity for idle men
to find a job. The connection of the
new water wells southwest of the
city to the city mains will in itself
be no small task and will mean the
expenditures of several thousand
dollars. The city not only has to
run pipe lines from the wells to the
city, but as well will have to run an
electric line to the wells to supply
electric current for the pumps to
operate them. The city council is

CHAIRMAN CALLS MEETING

Elmer Hutchinson at Session to
Grain Dealers Appeals.

Elmer Hutchinson, of Arlington,
chairman of the arbitration appeals
committee of the Grain Dealers Na-
tional Association, called a meeting
of the members at the Columbia Club
in Indianapolis yesterday. This
committee has to pass on any cases
between the members of the Asso-
ciation that are appealed from the
decision of either of the lower ar-
bitration committees. The associa-
tion has about fifteen direct mem-
bers distributed over the whole of
the United States and Canada, and
also over three thousand associate
members, who are members of the
different state associations. The
other members of the committee be-
sides Mr. Hutchinson are H. T.
Burns of Buffalo, N. Y., E. C. Eiken-
berry, of Camden, Ohio; J. S. Green
of Louisville Ky., and A. L. Scott, of
Pittsburg, Kansas.

HOG PRICES ARE 15 TO 25 CENTS HIGHER

Quotations Advance in Indianapolis Today, Receipts Being 2,000 Less Than Yesterday

CORN MARKET IS STRONG

PLAINFIELD BOYS TO WEAVE

Michigan City, Ind., Feb. 12.—Warden Fogarty of the Indiana Prison here, has sent Frank Kratzer to the State School for Boys at Plainfield to inaugurate the weaving industry there. Mr. Kratzer has been in charge of the weaving industry at the Hospital for the Criminal Insane here.

BIG SURPRISE TO MANY

IN RUSHVILLE

People are surprised at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. It removes foul matter which poisoned your stomach for months. F. E. Wolcott, druggist.—(Adv.)

Days Pickings

Mr. and Mrs. Joe Stevens have moved from their farm in Jackson township to the Alfred Newhouse property in East Second street. Mr. Stevens has rented his farm to his son-in-law, Bert Newkirk.

Milton Gordon of East Second street has recovered from a severe spell of hiccoughs. He was afflicted for twenty-four hours, but apparently suffered no ill effects.

Sunday afternoon at 2:30 o'clock there will be five minute men at the M. E. church at Falmouth, from Connersville. They will address the people at this time. The public is cordially invited to attend.

The funeral services of Mrs. Robert McIntyre, who died at her home here yesterday morning, will be held tomorrow afternoon at two o'clock at the late residence, with the Rev. C. S. Black officiating. Interment will be made at East Hill cemetery.

John Miller who was operated on at St. Vincent's hospital in Indianapolis three weeks ago for the appendicitis, is reported as getting along slowly.

Mrs. Alfred Leisner of North Main street was operated on at St. Vincent's hospital in Indianapolis yesterday.

The New Salem high school basketball team defeated the Webb team yesterday afternoon in the gymnasium at New Salem. The final score was 10 to 8. This is the first game for either of the teams this year.

The Methodist Episcopal church of Arlington is holding prayer meeting each evening this week and will be continued next week. Everybody is cordially invited to these meetings.

Marriage licenses have been issued to Miss Bertha E. Pribble, daughter of Mr. and Mrs. Samuel R. Pribble and Robert A. Cameron; and to Miss Goldie Gurley, daughter of Mr. and Mrs. Levi Gurley, and Garrett H. Brouhard, son of Mr. and Mrs. L. E. Brouhard of Hancock county.

MAKES BIG APPROPRIATION

Washington, Feb. 13.—The American Red Cross yesterday announced that it had made an additional appropriation of \$250,000 for relief work in Palestine and the Near East during January and February.

DRY LAW IS NOT TO BE RADICALLY CHARGED

Legislators Refuse to Accept Any Radical Amendments, Because of Federal Amendment

WINE MAKING TO BE ALLOWED

(By United Press.)

Indianapolis, Ind., Feb. 13.—That the prohibition law will not be radically changed by the present session of the legislature, now seems certain. The legislators have refused to accept any drastic amendments proposed, taking the view that the question will cease to be a matter for states when the federal amendment to the constitution becomes effective next year.

However, some minor changes will undoubtedly be made in the law. The Wright bill, which would have made the measure far more drastic than at present, may be passed in amended form. The amendments, however, have taken most of the "teeth" from the bill.

An amendment which would allow the keeping of wine for domestic use has been accepted by the author. The original bill would have prohibited the making or keeping of wine by a householder.

The clause which provides that on second conviction of a tenant on the charge of violation of the law, the building shall be sold and the proceeds used to pay the fines of the assessed, may be passed.

DISSENTION OVER ANTI-GERMAN BILL

Continued from Page One

by Lowe, which would prevent the use of any language other than English in teaching in grade schools, will take up the bill again this afternoon. Supporters of the measure declared that they would consent to no further delay on consideration of the bill.

This is the bill against which many protests have been made by Lutheran parochial schools and churches. The protests declare that the bill, if enacted, would prevent the proper teaching of religion to children.

The senate committee on education has agreed to give the bill a clear road in the upper house, if it is passed by the representatives. In return, the house has agreed to accept the Negley bill as substitute for House Bill No. 5, also introduced by Lowe, which would repeal the law allowing teaching of the German language in grade schools on petition of twenty-five per cent of the parents. These two bills are practically identical and there has been practically no opposition to the action.

FARMERETTE OF 73 IS MICHIGAN'S CHAMPION

Battle Creek, Mich., Feb. 12.—Michigan boasts of being the home of the champion farmerette in the country and is ready to back her against all comers—irrespective of age, weight or new-fangled agricultural schooling.

Experience was her only tutor. She is Mrs. Anna Simonson, 73 years old, owner of a large farm near here, who jumped into overalls and got behind the plow when farm help became scarce. She is planning to work the farm this year.

Here is a table of her accomplishments for last season.

Worked 20 acres of her farm.
Shocked and hauled in five acres of corn, eight acres of rye, two acres of oats and cultivated a two-acre truck garden.

Cared for an orchard and several acres of berries.

Raised 100 chickens, made eight pounds of butter daily, cared for five head of cattle and besides did the repair work, sewed, cooked, cleaned house and did all the other domestic work and farm chores.

MONUMENT AS MUSEUM

Indianapolis, Ind., Feb. 13.—A bill authorizing the state to use 8,600 square feet in the base of the Soldiers and Sailors monument in Indianapolis for a museum, will be introduced in this session of the legislature. The chief use of the museum will be to display pictures showing Indiana's part in all wars. The bill will carry an appropriation for the work.

SAFE BLOWER HIT BY PROPOSED LAW

Penalties For Robbery of This Character Are Increased in Bill to be Introduced

BANKERS PACKING MEASURE

Indianapolis, Ind., Feb. 13.—More severe penalties for robbers who blow safes, was advocated by many members of the legislature today as the result of the increasing number of bank robberies in the state in the last few months.

Provision for an increase in penalties for such acts is made in a bill introduced by Representative Gregory of Knox county.

The bill reads: "Any person, who with intent to commit crime, breaks into and enters either by daylight or by night, any building, whether inhabited or not, and opens or attempts to open any vault, safe or other secure place, by use of nitroglycerin, dynamite, gun powder, or any other explosive, or by use of any chemical or combination of chemical, shall be deemed guilty of burglary with explosives. Any person duly convicted of burglary with explosives, shall be punished by imprisonment for a term of not less than twenty-five years and not more than forty years."

The state bankers association is backing the bill, declaring that more stringent means must be taken to protect their institutions.

PITTSBURG PARK BANK CLOSES DOORS TODAY

Embezzlement of Funds by Cashier, J. S. Swartz, Responsible, According to Statement.

DEPOSITS TOTAL \$2,200,000.

Pittsburg, Feb. 13.—The Park bank of Pittsburg with deposits totaling more than \$2,200,000 was closed today by the state bank examiner.

The bank directors issued a statement declaring there had been an embezzlement of funds of the bank by J. S. Swartz, cashier, making it impossible to continue business longer.

Schwartz has admitted that he alone is responsible for the conditions which have caused the bank's closing, the statement said.

WILSON PLANS TO RETURN TO FRANCE

Continued from Page One

ing that all the allies were agreed on that point and that divergencies which cropped up during previous discussions bore solely on the most suitable methods of obtaining the necessary guarantees.

President Wilson, according to the report, is understood to have declared in conversation that a resumption of hostilities was a grave eventuality to which he would agree only on the most absolutely essential considerations and not for any secondary motive. The report is that, in Mr. Wilson's opinion, the non-execution of terms of the armistice by Germany would be an incident of such a nature as to justify the resumption of war and it is said that he would not hesitate in that case to order the American army to take up arms again.

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neolin Soles for their comfort and waterproofness. It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

Neolin Soles
Trade Mark Reg. U. S. Pat. Off.

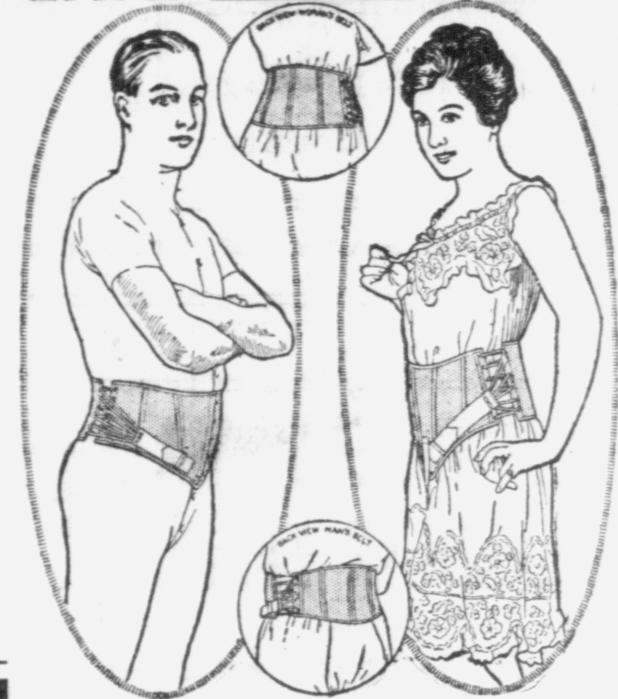

CAMP PHYSIOLOGICAL BELTS

Wear one of these belts and you will have more strength for your daily work.

—W. J. Snyder of Columbus, Ohio was a business visitor here today.
—S. Haekler of New York City, was a business visitor here today.
—E. S. Andrews of Sioux City, Iowa transacted business here today.
—Blaine Reeve of near Orange was a visitor here yesterday afternoon.
—Eugene Morris of Greenfield transacted business in this city today.
—Lee Manning of Noble township

spent this morning here on business.
—The Rev. John Scull of near Milroy was an Indianapolis visitor today.
—William Fisher of Richland township was a business visitor here today.
—Will Bosley of Milroy transacted business in Indianapolis yesterday.
—Mr. and Mrs. Ambrose Gochring visited relatives in Indianapolis yesterday.
—Polyd Kirin of Muncie was the guest of friends here yesterday evening and attended the Social club dance.
—Mr. and Mrs. Jerry Rovey of Falmouth have gone to Georgetown, Ky., to visit friends and relatives for a few days.
—Paul and Charles Logan of Greensburg visited friends here yesterday evening and attended the Social club dance.
—Mr. and Mrs. S. G. Rucker and family were called to Crothersville yesterday on account of the death of Mr. Rucker's uncle.
—W. W. Allen left here this morning for a visit with relatives in Tipton, after being the guest of his brothers here for a few days.
—State Senator Lake Duffey of Indianapolis was the guest of friends here yesterday evening and attended the Social Club dance.
—George Dehority returned to home in Elwood today after visiting relatives here. Mrs. Dehority and son will return home tomorrow.
—Lieut. Guy Newman has been discharged from the service at Camp Pike, Arkansas and has returned to his home in this city, in South Harrison street.
—Private Edward Gardner, of Camp McClellan, Alabama, has returned to his home in this city after being honorably discharged from the service several days ago.
—Miss Hattie Corey has gone to Brazil to be the guest of friends before returning to her home in Argos, Ind., after an extended visit at the home of Mr. and Mrs. Morton P. Gray, east of the city.
—Aaron Charles of Delphi, Ind., came last night to be the guest of his daughter, Mrs. Jack Knecht.

Noah Matlock, who has been ill for several weeks at his home in Circleville, was reported today to be improving.
—Mrs. Lien Oneal and Miss Fern Finley have gone to Cleveland, Ohio, for an extended visit with relatives.
—Captain Edwin Watson, who was visiting friends here yesterday while enroute from Vancouver Barracks, near Portland, Oregon, to Washington, D. C., left this morning for Washington. He has been transferred from the spruce production division at Vancouver to Washington.

HEROIC DEAD WILL REMAIN IN FRANCE

Continued from Page One
to bring all the bodies home. In the first place, it would be a tremendous task, and would take four or five years to accomplish. In the meantime military funerals would be taking place all over the country, and this would only serve to prolong the agony and suffering of the relatives and friends of the dead.
It is planned to make the cemetery a great national shrine, where thousands of Americans are expected to go every year to pay their respects to the dead.
The French government, it is understood, has favored the new plan because it would be conducive to keeping alive the spirit of friendship and devotion that has characterized the national sentiment of the two nations during the war.
The bodies of the naval heroes who were killed or who died during the war will be brought home, it has been decided, according to the original plan, for the reason that there are not many naval dead and the bodies can be handled expeditiously.
What will be done with the bodies of the Americans buried in England, Ireland and Scotland, has not been decided. It has been suggested that a national cemetery be created somewhere in the British Isles where all the bodies could be assembled.

UNEMPLOYMENT IS NOT IN PROSPECT

Continued from Page One
also reported to have another improvement in mind.
Although the completion of three blocks of brick pavement in Third street will not require a great amount of time, it is one of the small items which, when combined, will contribute towards making Rushville and Rush county a busy place during the spring and summer. It is barely possible, also, if other plans which are rumored, do not miscarry, that other street improvements of a permanent character may go through this summer.
There will be great opportunities for returned soldiers on the farms of Rush county next spring. Even now, some farmers have complained that they are unable to find proficient help. There is a great gap on the farms to be filled because of the shortage of labor last summer and many former soldiers will have to return to their places on the farms before conditions with respect to farm labor approach the state they were in before the war.
The matter of private building is also an item which will contribute much towards restoring Rush county to its pre-war status. Much farm building is anticipated and many new houses in Rushville are in prospect.

SENT TO GREENFIELD

The case of David A. Ricks against Alonzo Dalrymple of near Carthage, alleging breach of warranty and demanding \$100 damages, has been sent to the Hancock circuit court at Greenfield for trial by Judge Sparks. The case involves the sale of a horse which, it is alleged, did not prove to be as represented.

PREPARING TO RUSH WORK

Washington, Feb. 13.—With labor and materials now available the government is preparing to rush work on the Alaskan railroad and Secretary Lane has asked Congress for \$13,800,000 to complete the job. The Alaskan railroad commission estimates that the work will require 3 years.

MARK MASTER DEGREE

Rush chapter No. 24, R. A. M., will have work in the Mark Master degree Friday evening at 7:30 o'clock. Visiting companions will be welcome at the meeting.

Thursday, Feb. 13, 1919.

Farmers of the Future.

The work accomplished by children in producing food grows more impressive as reports of their successes continue to be published. Here is one county in the southwestern part of Massachusetts that boasts 6,915 boy and girl gardeners. The produce raised by them in 1918 is \$14,000.

Ninety percent of those children grew vegetables for use in their own homes. There were a good many who sold their surplus and made real money. They raised over \$5,000 worth of poultry products. Incidentally they produced about \$18,000 worth of pork.

The state market garden contest found boys from that county entered. Each had cultivated a garden patch of one-twentieth of an acre. The gardens brought in an average of \$50. Also 150 boys entered the state corn and potato contests.

Rheumatic Agony Piteous and Painful Now Easily Ended

James H. Allen of Rochester. Once a Cripple, Now Strong and Robust, Gives Secret to Sufferers

It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges. I know that Allenhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints.

I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenhu made a well, robust, healthy man of me.

I know because since I cured myself, hundreds have taken Allenhu and speedily rid themselves of this agonizing disease.

No matter how severe your case, I urge you to put your faith in the prescription that it took me years to perfect—a prescription that made a new man of me after doctors tried and failed.

Allenhu is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism, out of the body through the natural channels.

Through the columns of this newspaper, I authorize every druggist to return your money if Allenhu doesn't rid you of rheumatism.—(Adv.)

Sap and Salt

By BERT MOSES

Gall and ability are often confused.

The only genuinely pious people are those whose piety doesn't show.

Hez Heck says: "Don't run after women, and the chances are they will run after you."

A man's charity is not to be measured by what he gives, but by what he has left after giving.

What you hand the other fellow will in turn be handed to you, it being merely a question of time.

The man who buys a gold brick gets what he deserves, because he thought he was gold-bricking the sharper who gold-bricked him.

The best thing Eve, the snake and the apple did was to change lolly-gagging into labor. It is better far to work outside of Eden than to loaf inside.

The report says that their produce was valued at \$6,650.

All this is very interesting right now. It shows what the youngsters can do and what they actually did do in a definite season. Through the clubs of various sorts which stimulate these youthful agriculturists the boys and girls learn not only how to raise pigs and chickens and garden truck. They learn also how to reckon the cost of production, they learn the best marketing methods, they learn how to keep track of profits.

It hardly seems likely that these young farmers and gardeners, if they turn to agricultural pursuits when they grow up, are going to be content with antiquated methods and outworn customs. They will be able to attack the troublesome problems of farm labor, markets and crops with trained intelligence.

Book Agents.

While the war was going on, some of the familiar figures of daily life have been rarely seen among them the book agent. Good natured people have not lately had to stop work a half hour while some literature seller's tongue ran down. And the business man has been spared the loss of his temper when some solicitor delayed removing his unwelcome presence.

Now people will be returning to the old ways of earning money. So look out for the impecunious student, who can't complete his education unless you buy a \$50.00 history of the war, with tooled leather covers and 125 steel engravings. One will be told he is neglecting the education of his children if he doesn't take up some of these costly propositions.

Many agents think they can persuade their victims by insulting them. They intimate it is lack of intelligence that makes one reluctant to buy. No book was ever sold that way. Others carefully conceal their real terms until they have the prospect safely hooked. It only costs \$2.00 down, and the remaining \$3.00 a month for ten months can be saved out of cigar money. Courtesy, frankness, and brevity should be the watchwords of any solicitor.

The public needs discrimination in dealing with these people. Many folks are won over by eloquent canvassers to purchase works they never look at, or material no better than could be bought at a store for much less money.

Most persons would advise a young man or woman to seek other

employment, if he could get it, something directly productive, if they tease people to buy things they don't need or want, it is no foundation for business success. Yet many excellent people have gotten a start by canvassing with books. The publishing houses say they distribute in this way a large volume of good literature, and interest in better reading many people who otherwise would never choose anything but trash.

"The Little Peoples."

The nineteen smaller nations who are seeking greater representation in the peace conference are justified in their demand. Small nations have had too long to bow to the will of the larger nations, to be oppressed by them, perhaps to endure annexation against their will.

The cry of the Little People goes to God in vain.

The Czech and the Pole and the Finn and the Schleswig-Dane.

Belgium and Serbia have almost met such a fate, and in proportion to their sufferings in the late war, should have the assurance of freedom.

It is only by the protection of a League of Nations that smaller countries are certain of retaining their self-government. Let the weaker have their rights secured against the powerful.

Since the Germans have no one else to fight they seem to revel in fighting each other. Let us hope that they get enough of this, poor idea of theirs that a nation is not in the limelight or popular unless it has constantly before its face the sword of hatred. The only question that seems reasonable is the one that asks why they did not start a private war in the first place and leave the rest of the world out of it. It would have been better for nations concerned and for the reputation of Germany if she has such a thing.

It is to be hoped that President Wilson approves the suffragists' method of keeping the home fires burning during his absence.

And now the king of Montenegro has been deposed. Europe will certainly soon need to find an asylum for its former kings and extemperors.

A gas mask is something that we can gladly spare from the world's commodities. It is one article that is neither beautiful nor becoming.

POINTS TO CONSIDER IN BUILDING HOSPITAL

(Contributed by a citizen of Rushville who has lived here for 24 years.)

What is the matter with the city park for a hospital site?

Plenty of room north of the coliseum and the chautauqua comes at the dullest time of the year. A front in Tenth street could be seen from Main street. The park is a quiet place, has plenty of trees, is not out of town and can be visited by anyone on foot if need be.

TWO MORE PEOPLE RECEIVED IN CHURCH

Everything Possible Being Done to Bring Baptist Revival to Climax at End of Week

SERMON BY THE EVANGELIST

The interest in the series of evangelistic meetings at the First Baptist church continued last evening. Two more people were received into the church and two were baptized at the close of the service. Everything possible is now being done to bring the meetings to a climax by the close of the week.

Evangelist Renn's sermon last evening was based on the following scripture text, "This is a faithful saying and worthy of all acceptance that Christ Jesus came into the world to save sinners of whom I am chief." He said no one need to be discouraged because of his sinful condition, that it makes no difference how low a person gets, the power of Christ is sufficient to reach and restore him. Several names were mentioned such as Mell Trotter, Jerry McCauley, Billy Sunday and others who were at one time men of

reckless life and guilty of almost every kind of sin, and the power of Christ was sufficient to restore them and make them strong Christian workers.

"Paul was a bad man until he met Christ, after that he was a good man," said Mr. Renn. "The church ought to have more confidence in the gospel of Christ to save the lowest sinner in Rushville, it makes no difference whether he comes from the gutter or the most cultured circles. It's all the same to God. The church must have more faith in the power placed at her disposal and use it for the transformation of men and women."

TANKS FOR COMMERCE
London, Jan. 30. (By Mail)—The tanks are going after civilian jobs in the army of reconstruction. The tank idea, developed in war from the American farm tractor, is not going to be abandoned in peace. Engineers are at work on designs for commercial high-speed tanks, or trucks with tank treads, and manufacture of these machines probably will keep the war tank factories running. The advantage of the caterpillar tread, used in tanks, include less wear and tear on roads, greater mud-navigating powers, and great hill-climbing ability, it is claimed.

Twenty nurses will be the live response of the Red Cross Nursing Department to a request for a larger staff to help out the 14 nurses now on duty in the Holy Land.

Says It Is The Best In The World

There is one remedy that those who know depend upon for relief from coughs that "hang on" after the grip. Foley's Honey and Tar clears the passages, soothes raw, inflamed membranes and banishes irritation and tickling in the throat. A. H. McDaniel, Box 51, Lindsay, W. Va., writes: "I am glad to tell you that Foley's Honey and Tar is the best medicine in this world. I have had a severe cough and before I used half a bottle I was better."—F. B. Johnson—Adv.

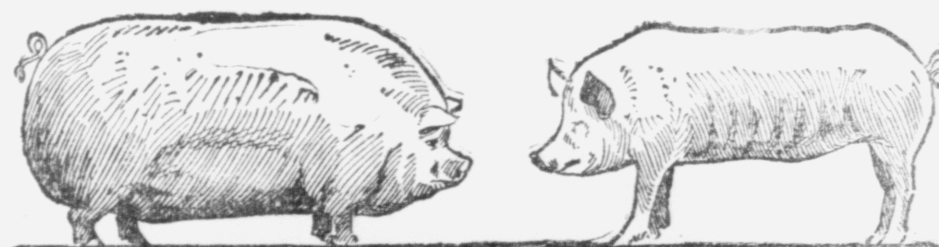

Queen Incubators and Brooders

AT HAYDON'S

Your dollar will produce more if spent with us. There are several reasons why we can guarantee this. We buy for cash and in large quantities. We have reduced our expense to a minimum. We are satisfied with a reasonable profit. If you consider these reasons sufficient, you are convinced that we can sell good goods cheap. If you will give us a trial we will convince you that we do. We are not quoting prices this week—just bear in mind that no matter what you want, if it's worthy of space on our shelves we have it, and at the right price.

L. L. ALLEN, Grocer

Phone 1420

It Cost Just 20 Cents More

To Produce the Big One than it did the runt

THE BIG ONE WAS FED AVALON FARMS HOG-TONE

—The Liquid Hog Conditioner, Fattener and Worm Remover—

—THE RUNT WASN'T

THEY both started life at the same time and weight. They were given the same feed under the same conditions—with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops markets and brings big profits to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminate the worms that are the hog raiser's greatest foe to profits. Splendid for pregnant sows—helps to produce healthier, sturdier pigs. Come in the store—tell us the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny now. If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

For Itching Torture

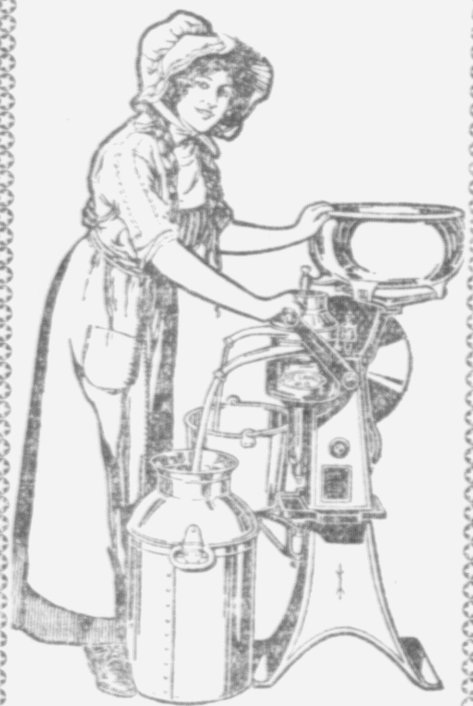

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear over night. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

THRILLER IS WON BY LOCAL QUINTET

Rushville High School Basketball Team Takes Fast Game From Fairland, 23 to 21

FORGES AHEAD IN FIRST HALF

Visitors Put up Game Fight in Last Half and Almost Tie Score Near The End

Rushville high school tacked another scalp to their list last night at the Graham Annex gym when they defeated the Fairland quintet in the closest game played this season. The final score was 23 to 21 in favor of Rushville. This makes the local team champion of three counties

PEPSINCO

ONE AFTER EACH MEAL FOR A WEEK

You'll be surprised how good you will feel. Pepsinco cures stomach trouble; it regulates the bowels. It aids nature. Pepsinco is used by thousands every day, simply because it helps them.

In mild cases of stomach disorder a few doses are necessary. In severe cases Pepsinco is used with wonderful results.

Mr. C. says that he suffered 15 years and Pepsinco helped him to such an extent that he eats heartily and suffers no pain. You take Pepsinco and cure your stomach trouble.

All Druggists Sell It.

and the strongest contender for the district honors.

The game started with the usual "pop," with Fairland making the first point off of a personal foul made by Caron. Rushville then forged ahead and all through the first half, held its place in the lead. The score for the first half was 12 to 5 in favor of the locals.

The fans were given the best thrill of the season in the last minute of play when the visitors all but tied the score and made overtime necessary. A Fairland forward sent the ball whirling toward the basket, but the referee blew his whistle just before the ball fell through the iron ring into the basket. If the foul had not been called, the visitors would have tied it up. They missed the foul goal and the game ended.

The second half started faster than the first half with Rushville in the lead until the last few minutes of play when the Fairland team, although it seemed certain that they were beaten, came back and tied the score. They can be given the honor of having more fight and grit than any team that has played here this year, fighting in the face of odds as no other team has done. When they tied the score, for a few minutes it seemed that they would win in spite of all the efforts that the locals could possibly produce.

Luther, the Fairland forward, started making 6 field goals, most of these were made from the middle of the floor as Rushville's guarding was so close that the boys could not get the ball to their end of the floor. Keating starred for the locals, making 11 points and Tompkins followed closely with 10 points.

Norris and Headlee, the local guards, played one of the best guarding games they have played this year. Caron failed to make as many points as he usually does as his guard was right there all the time. The lineup summary is as follows:

Rushville (23)	Fairland (21)
Caron	Luther
Keating	Forwards
Tompkins	Center
Norris	Guards
Headlee	Arbuckle

Field goals—Keating 4, Tompkins 5, Caron 1, Luther 6, McDonald 1, Williams 2. Foul goals—Keating 3 and McDonald 3.

County News

Cole Reign Dead.

Mr. and Mrs. Andy Jackson and daughter Goldia spent Sunday with Mrs. Claude Huber near Mays.

Mr. and Mrs. J. S. Ricketts were Sunday afternoon guests of Mr. and Mrs. Chester Bergen and family.

Social Calendar

Friday

Evening Card club with Mrs. Ferd. Retherford, 930 North Main street.

Mrs. Roy Perkins hostess for the Loyal Daughters of the Christian church at her home in East Fourth street, in the evening.

Shakespeare club with Mrs. John Kiplinger, 832 North Main street, in the evening.

Mrs. O. M. Dale hostess for the 500 Club, in the evening, at her home in North Main street.

Monday Night Bridge club with Mrs. Fred Boxley, 421 North Morgan street.

The Ladies Aid society of the Fairview Christian church celebrated their fourteenth anniversary last Friday at the home of Mrs. Walter Saxon, with a picnic dinner, their husbands being guests. In the afternoon the Rev. G. F. Flowers gave a short talk on "The Betterment of Young People Socially." The members of the aid society presented their president, Mrs. Walter Saxon, and secretary, Mrs. Harley Wilkoff, each with a beautiful dish. There were fifty-five persons present.

The War Mothers club will meet Saturday afternoon in the Social club rooms, 212 North Morgan street.

Mrs. O. M. Dale will entertain the members of the 500 club tomorrow afternoon at her home, 424 North Main street.

Mrs. Fred Boxley will be hostess for the Monday Night Bridge club tomorrow evening at her home in North Morgan street.

An informal dance will be given at the K. of P. hall in West Second street tonight. The Greensburg Jazz orchestra will furnish the music.

Twelve members of the Sorosis club were delightfully entertained by Mrs. H. H. Elliott, at her home in North Harrison street, Tuesday afternoon. Mrs. Cora Saxon read an interesting paper on the "History of Rheims," and another paper was read on the history of Jerusalem, by Mrs. Joseph Walters of Greenwood. Late in the afternoon refreshments of ice cream and cake was served. The next meeting will be held at the home of Mrs. J. T. Paxton.

The bridge party given by Mrs. O. H. Bradway and Mrs. Roll Miller, at the home of the former in Newcastle yesterday afternoon, proved to be a very delightful affair. The hostesses had twelve tables for bridge, with valentine emblems of hearts and cupids. At six o'clock a delicious two course luncheon was served to the guests present. Those from this city who were in attendance were Mrs. Rich Reed, Mrs. Jack Knecht, Miss Bertha Helm, Mrs. Guy Mulbarger, Mrs. Carl Behr, and Mrs. Bert Mullen.

Mrs. Ferd Retherford will be hostess for the Evening Card club tomorrow evening at her home in North Main Street.

The Sunshine Embroidery club met yesterday afternoon with Mrs. Horace Glidden at her home in Raleigh. The afternoon was spent over the needlework and dainty refreshments were served at a late hour. There were nineteen members present. The next meeting will be with Mrs. Ralph Elwell.

The Lincoln day formal dancing party at the Social club last night was one of the most delightful events taking place in the spacious rooms of the club for many months. It was the first function of the sort this winter and was enjoyed by many members of the club as well as invited guests from here and elsewhere. Refreshments of sandwich-

es and coffee and pineapple ice were served during the evening. The guests from a distance included Miss Ruth Cline, Miss Irene Wooten, Mr. and Mrs. Walter Jolly and Mr. and Mrs. Edwards of Knightstown; Sterling Wilson, Tom Coburn, Arthur Bancroft and Senator Luke Duffey of Indianapolis; Mr. and Mrs. George Dehority of Elwood; Floyd Kirklin of Muncie; Mrs. Harold Manzy of Gary; Paul and Charles Logan of Greensburg and Charles Cortelyou of Connersville.

At the close of the W. R. C. business meeting yesterday Lincoln's birthday was celebrated by a very appropriate program. Mrs. Jacob Webb read a paper on Lincoln and a short talk was given by Mrs. Lou Havens. Mrs. Ida Lee sang an old time song, "A Soldier Boy at Waterloo" and a talk was given by Mrs. Alice Bainbridge.

Amusements

Fight Featured in Picture

A man-to-man fight in the north woods is the feature of "Hugon the Mighty," the thrilling Bluebird photoplay in which Monroe Salisbury will appear at the Mistic theater tonight. Hugon is a typical woodsman, hardy and fearless, who fights for his people when crooked surveyors order the woodsmen and their families off the land, claiming the government had taken it.

All the governments in the world could not have made Hugon the Mighty obey such an order without resistance. He would see. And he did see; and when these land thieves and Hugon met, the north saw its most glorious man-fight in its history.

Mae Murry will appear tomorrow in "Modern Love," a Universal special attraction, and Tom Mix will be seen Saturday in "Hearts of Saddles."

Enid Bennett at Princess

Enid Bennett comes to the Princess theater tonight in "When Do We Eat," which is advertised as a picture full of good advice. "Independence B'Gosh," a comedy, is also on the program.

"Hearts of the World," reported as amazing in art and realism, and quite beyond compare with any previous achievement of even the wizard who created "The Birth of a Nation" and "Intolerance," will play its local engagement at the Princess Friday and Saturday, with performances at 2:10 and 8:10 p. m. daily.

In this, his newest screen offering, Mr. Griffith has filmed a vivid picture of the present great war, and amid a series of gigantic scenes he has interwoven a simple love story of tremendous human interest. This accomplishment was only made possible through the co-operation of the British and French War Offices.

The interpreting cast includes Lillian and Dorothy Gish, Robert Harron, Master Ben Alexander, George Fawcett and George Seigman. The production will be presented in typical Griffith style, with elaborate sound effects. A brilliant score correctly synchronizing with the picture will be performed by a large symphony orchestra.

A Woman's Recommendation

Mrs. D. T. Tryor, Franklin Av., Osego, O., writes: "Nine years ago I was very much afflicted with kidney trouble. I bought different kinds of medicine, but all to no effect, until one day I bought a box of Foley Kidney Pills. I realized so great a benefit from the use of that box that I concluded myself cured of kidney trouble. I feel safe in recommending Foley Kidney Pills to any kidney sufferers." They relieve backache, sore muscles, stiff joints, rheumatic pains and bladder ailments. F. B. Johnson.—(Adv.)

RED BLOODED PEOPLE LIVE THE LONGEST

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly ageing body, mind and spirit.

Pure blood is red blood, rich in iron and phosphates with power to rid itself of waste matter and able to carry life-giving oxygen to every cell and nerve. It makes both young and old bright, happy, keen, and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron the red blood and nerve builder".

Phosphated Iron enriches your blood and nerves, putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only.

Pitman & Wilson, Druggists, and leading Druggists everywhere.

Who Caused This Growth Five Million For Cream

That is what the Sugar Creek Creamery Company paid cow owners for their cream last year.

This big volume of business has been developed in eight years.

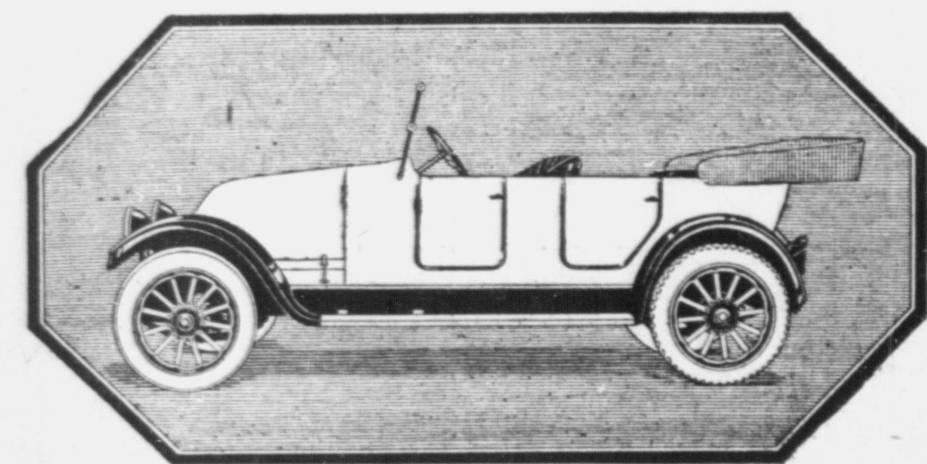

Such a growth, of itself, is a guarantee that our patrons not only have been paid full value for their cream, and been given fair treatment, but that it has brought them the greatest profit.

The thousands of satisfied patrons who sell us their cream have caused this remarkable growth. Just ask them what they think about us and our way of doing business. They know they are making more money from their cows now than they ever did before. Our method of buying cream is just an honest man to man deal all around. Take your next can of cream to Mr. J. H. Buschmohle and you won't be disappointed.

We GUARANTEE it.

Sugar Creek Creamery Company

An Owner of a

FRANKLIN CAR

made the following statement unsolicited:

"It came over me the other day on a long ride to Boston and return, that this Franklin car of mine was a pretty good job, and that it was up to me to see that the man responsible for it did not go uncredited.

"The car was bought new the first of May, 1916. Since that time it has run 23,300 miles. It has never broken anything; the valves have never been ground, and it runs today just a little better than it did when new. The set of front tires which came with the car was taken off after running 20,000 miles, and was sold. I grew tired of waiting for them to wear out. The rear tires ran 14,000 to 15,000 miles."

THERE'S A REASON WHY. TALK IT OVER WITH

JOE CLARK

ISSUE PLANS FOR RECONSTRUCTION

Radical Program of Catholics Distributed in Pamphlet Form Throughout Country

APPROVE WAR LABOR BOARD

Bishops Representing Hierarchy of Church Call of Labor to Resist Wage Reductions

Washington, Feb. 13.—An American reconstruction program, surprisingly radical in many of its features, backed by the official approval of the hierarchy of the Catholic church in America, was made public here today.

The program is to be distributed in pamphlet form throughout the country by the committee on special war activities of the National Catholic War Council. Its significance lies in the fact that it is tantamount to an official pronouncement of the Catholic church in America, as represented by its bishops and archbishops. The committee signing the paper consists of Rt. Rev. Peter J. Muldoon, bishop of Rockford, Ill.; Rt. Rev. Joseph Schrembs, bishop of Toledo, O.; Rt. Rev. Patrick J. Hayes, coadjutor bishop of New York, said to be slated for the office of archbishop of New York; and Rt. Rev. William T. Russell, bishop of Charleston, S. C.

This committee was selected to represent the Catholic bishops of America, and it is generally understood that every line of the pronouncement issued today has been carefully studied and passed upon by practically every notable Catholic prelate in the United States before being made public. The program, therefore, may be said to be an official statement of the attitude of the American Catholics toward social and economic problems now engaging the attention of all thinkers.

In many respects the program resembles that of the British Labor party. It endorses many social and economic doctrines heretofore pronounced socialistic by conservative thinkers.

The Catholic program is embodied in a pamphlet called "Social Reconstruction."

The Catholic bishops: Approve Sec. Lane's scheme for settling returned soldiers on reclaimed lands.

Encourage labor to resist general wage reductions.

Demand maintenance of wartime wage level in all except very few industries.

As cities to correct bad housing conditions.

Suggest that laws be passed to

prevent the "extortionate practice of monopoly" that cause high cost of living.

Suggest that more attention be given to possibilities of government competition with the big monopolies that apparently cannot be controlled otherwise.

Approve co-operative stores, run and owned by working class.

Demand legal minimum wage high enough to provide not only for present needs of worker and family, but a surplus that shall be sufficient for adequate savings.

Approve social insurance against illness, invalidity, unemployment, and old age, the funds to be provided, so far as possible, by a levy on industry, as in accident compensation.

Favor continuance of life insurance extended to soldiers by the government.

Approve policies of war labor board, emphasize right of laborers to organize, recognize justice of collective bargaining principle, and

ask that the war labor board's activities be continued in peacetime.

Indorse movement of labor to obtain voice in management of industries, commonly called "industrial democracy."

Approve vocational training, but not any system of education that would tend to deprive children of workingmen of their opportunities for purely cultural training.

Deplore child labor, and approve plan to tax it out of existence.

The foregoing are the chief features of that portion of the program which its framers believe immediate.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney

action and enables the organs to throw off the poisons which cause premature old age. New-life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

GUARANTEE

WHAT IT MEANS

The lawful meaning of the word "guarantee" is this: that the person or persons issuing such a guarantee become parties to a contract along with the parties receiving the guarantee, and included in this also, is the third person or thing which is guaranteed and which becomes a part of the contract. When the **RUSHVILLE SPECIAL Spreader** is guaranteed for five years against all flaws and defects either in workmanship, material or construction, this **MEANS** something and becomes part of the value of this modern spreader.

What the Litchfield Mfg. Co. agree to do they know from experience they can do and when you get a **RUSHVILLE SPECIAL Spreader** backed with a five year guarantee it should be distinctly understood that this is not a loose offer but a conservative agreement that can and will be made good in every detail.

We certainly do not wish to sell the **RUSHVILLE SPECIAL Spreader** because of this guarantee alone. It is given for your protection and to show you that the confidence of the Litchfield Mfg. Co. in this machine is based on facts and not enthusiasm. Every purchaser of a **RUSHVILLE SPECIAL Spreader** can get this guarantee without paying one cent extra for it. This makes it to the interest of the manufacturers to see that every part is built so strong, and so perfect that no claim will be made on them.

The reason the **RUSHVILLE SPECIAL Spreader** is in a class by itself, unhampered by any imitations is that the vitally essential points are patented. The **FOUNDATION ROCKS** on which this machine rests are the **SELF-CLEANING, FORCE FEED ENDLESS apron, NO-CHOKE box, BULL DOG cylinder, OIL PACKED main bearings**, and other features not found on any other machine.

Come in and look at it. We will show it to you on your farm if you only say the word. A trial will dispell completely any doubt that may be lingering in your mind. If you are interested in making every penny invested in a manure spreader count to the utmost you will be sure to buy a **RUSHVILLE SPECIAL Spreader**.

THIRTY-EIGHT INDIANA MEN IN CASUALTY LIST

Total of Two Thousand Four Hundred and Twenty Four Reported by Commanding General

1023 ARE WOUNDED SLIGHTLY

Washington, Feb. 13.—The casualties for today as reported by the commanding general of the American Expeditionary Forces show: Killed in action, 12; died from wounds, 7; died of accident and other causes, 7; died of disease, 49; wounded severely, 253; wounded, degree undetermined, 1073; wounded slightly, 1023. Total 2424.

The thirty-eight Indiana men reported were:

Wounded severely—Lieut. Charles L. Jones, Richmond; Private Luba Gergeovich, Indianapolis; Private Harold M. Day, Alexandria; Private Winford Wilson, Greenfield; Private John E. Mackessy, Lafayette; Private Alvin L. Robinson, Stillwell; Private George Ross, Clinton.

Killed in action—Private Waverly Smith, Bristow; Private Hugo Prell, Batesville.

Corp. Harry L. Brown, (previously reported missing in action), Marion; Corp. Ruel L. Hopkins, Arcadia; Corp. Carl Victor Weller, Marion; Wagoner Raymond Lendess, Red Key; Private Charles H. Sedden, Terre Haute; Private Epaminondas Alexandrakas, South Bend; Private Walter Glowacki, East Hammond; Private Otis Butcher, Bryant; Private William A. Drews, Brookville; Lieut. Lawrence Keith, Cullen; Private Stanley Lynch, Muncie; Private Earl Mack Fauser, Crown Point; Private Cletus Nicholas Fitzpatrick, Montgomery; Private Fred Milton Lowery, Indianapolis; Private Louie Roberts, Private Claudis E. Albin, Bristow; Private John Good, Evansville; Private Robert N. Rogers, Lebanon.

Wounded slightly—Wagoner Neil Johnson, Medora; Private Andrew Streessler, Peru; Private Forest H. Hall, Connersville; Corp. George Bates Ferguson, Indianapolis; Corp. Albert C. Mashmeyer, Indianapolis; Private George C. Beaver, Ingalls; Private Cornelius T. Hayercraft, Evansville; Private Oscar Huntzinger, Upland; Private Dennis McCannack, Hadley; Private Harold E. Summer, Noblesville; Private Melr H. Hunt, La Porte.

IN NATURE'S SHOW

Washington, Feb. 13.—If ed- mission to the national forests were charged at the prevailing cheap move rate, 10 cents an hour, the government would have cleaned up \$7,500,000 last year.

More than 3,000,000 persons spent an average of 25 hours each in the national forests, camping, hunting, fishing exploring and enjoying the scenery.

But the American people got all this fun for nothing.

A process has been discovered by which leather scrap can be converted into a valuable nitrogenous fertilizer.

ISSUES PLAN FOR RECONSTRUCTION

Continued from Page 7.

ly practical. The pronouncement also discusses reforms that should be accomplished as a part of a program projected farther into the future. It says:

"The possibilities of increased production will not be realized so long as the majority of the workers remain mere wage-earners. The majority must somehow become owners, or at least in part of the instruments of production. They can be enabled to reach this stage gradually through co-operative productive societies and co-partnership arrangements. In the former, the workers own and manage the industries themselves; in the latter they own a substantial part of the corporate stock and exercise a reasonable share in the management. However slow the attainment of these ends, they will have to be reached before we can have a thoroughly efficient system of production, or an industrial and social order that will be secure from the danger of revolution. It is to be noted that this particular modification of the exist-

ing order, though far-reaching and involving to a great extent the abolition of the wage system, would not mean the abolition of private ownership.

Big business is handed this bit of food for thought:

"For excessive gains by a small minority of privileged capitalists, the main remedies are prevention of monopolistic control of commodities, adequate government regulation of such public service monopolies as will remain under private operation, and heavy taxation of incomes, excess profits and inheritances. The precise methods by which genuine competition may be restored and maintained among business that are naturally competitive, cannot be discussed here; but the principle is clear that human beings cannot be trusted with the immense opportunities for oppression and extortion that go with the possession of monopoly power."

Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corns Are Doomed!

When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'!"

of the world's magic and only genuine corn-peeler, "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried and O. K.'d it for years. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

There are Goods Canned and there are CANNED GOODS.

We've never had to do the former because our Goods are to good to can. Our Canned Goods including: Fruits, Vegetables, Soups and Pickled Dainties are the real ingredients of the Quick Lunch. Our Butter and Eggs are always fresh and direct from your neighbor's farm. Eat wholesomely and economically by way of our catering.

NOTICE

For The Improvement of Highway in Center Township, Rush County, Indiana.

Notice is hereby given that a petition has been filed in the office of the undersigned, Auditor of Rush County, Indiana, for the grading, draining and paving of a certain highway in Center Township, Rush County, Indiana, which petition is in words and figures as follows:

STATE OF INDIANA, RUSH COUNTY, SS: Commissioners Court, February Term, 1919. In the matter of the petition of Jacob D. Todd et al. for the grading, draining and paving a highway in Center Township, Rush County, Indiana.

To The Board of Commissioners of Rush County, Indiana: Come now the undersigned and respectfully represent to your honorable board that more than fifty of the undersigned petitioners are residents and voters of Center Township, Rush County, Indiana, and that the said Center township does not contain an incorporated town or city of thirty thousand inhabitants.

Your petitioners further represent that there is now and has been for a number of years past, a public highway in said township described as follows, to-wit: Beginning at the northeast corner of section 22, township 15 north, range 9 east, and running thence south on the line dividing sections 22 and 23, also 27 and 28, also 34 and 35, in said township and range to a point on said line about 15 rods north of the southeast corner of the northeast quarter of section 34 aforesaid; thence in a southeasterly direction to and across Little Blue River to the line dividing the north half from the south half of section 35 aforesaid; thence east on said line forty rods, more or less, to a point where the line intersects what is known as the Behler road. Said highway being about two and five-eighths miles in length and being entirely in said Center Township, Rush County, Indiana; that said highway is less than three miles in length and connects at both ends thereof with an improved free gravel road, and that a United States Rural Mail Route passes over and along the north two miles of said above described highway.

Your petitioners further represent that said highway as above described should be graded, drained and paved to its present width with gravel and concrete from the east end of the bridge crossing Little Blue River to a point about twenty rods east thereof, and that when the same is so graded, drained and paved the same will be of public utility, and your petitioners pray that said highway be so improved.

Respectfully submitted,
Jacob D. Todd, Joseph W. Todd, T. L. Behler, John D. Osborn, Oscar Stewart, John S. Herkless, W. O. Hackleman, Isaac M. Barnard, James J. Rhodes, Edward P. Steele, Henry C. Rhodes, Truman Lowry, Henry Lucas, S. L. McKee, S. F. Hilkert, J. F. Rhodes, W. A. Bennett, Silvester Hinds, John S. Hulley, Orton Meek, John C. Hall, R. B. Rhodes, George H. Bell, W. H. McDaniel, B. B. Benner, P. E. Kraus, Albert W. E. Trauer, M. D. Moffitt, John A. Butler, Jesse Rhodes, J. W. Johnson, Frank Leisure, Samuel M. Somers, William Hopkins, Lee Somers, Charles F. Whitton, Theodore F. Parker, Noah Rhodes, Riley Rhodes, William N. Bowen, Raymond L. Blount, Frank Rhodes, J. L. Stewart, Perry Steele, C. S. Harter, W. A. Lord, E. H. Imley, G. P. Day, Sanford L. Anderson, John B. Gibson, J. E. Kirkpatrick, W. E. Trauer, M. D. Leisure, Leroy Bitner, John L. Clark, George B. Clark, Bert Cohee, John F. Cohee, P. S. Hollowell, J. W. Aiken, R. J. Brooks, Geo. Kinde, S. D. Kirkpatrick.

Said petition will be presented to the Board of Commissioners of Rush County, Indiana, on Monday, the 3rd day of March, 1919.

W. H. McMillin
Auditor of Rush County.
Samuel L. Traube, Attorney for Petitioners.
February 3rd, 1919.
Feb. 6 - 13

Notice of Administration.
Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, administratrix of the estate of Mary F. McMullin, late of said county, deceased.

Said estate is supposed to be solvent.
ELLA NEUTZHEIMER.
February 4, 1919.
Attest: George B. Moore, Jr., Clerk Rush Circuit Court.
H. E. Barrett, Attorney.

NAVY AND MARINE DEAD
WILL BE BROUGHT HOME

Bodies may Remain Where Death Occurred or be Brought Here For Reinterment.

ALL EXPENSES TO BE PAID.

Washington, Feb. 13.—Plans for returning to the United States the bodies of officers and men of the navy and marine corps who lost their lives abroad and whose remains were buried ashore are being formulated by the Navy Department. Under the plan, in accordance with the expressed wishes of the next of kin the bodies may remain where death occurred, brought here for reinterment in any designated national cemetery or sent to relatives in any part of this country for private burial. It is probable that suitable cemeteries will be purchased in France where the American dead will be assembled and their graves assured care. When the bodies are returned here, the Navy Department will endeavor to arrange funerals so that relatives may attend and all expenses will be borne by the navy, including headstone and care of the graves. If the body is claimed for private interment here, every expense up to the delivery of the body will be borne by the department, and relatives may be reimbursed for actual funeral and burial expenses not exceeding \$100. The wishes of relatives may be communicated to the bureau of medicine and surgery, Washington, or the commandant of the marine corps, Washington.

BOYCOTT IS BIG JOB.

(By United Press.)
London, Jan. 30. (By Mail.—British Associated Chambers of Commerce have been unable to devise any effective method of boycotting Germany with its 70,000,000 inhabitants, despite demands for the boycott from every locality. Resolutions declaring boycotts have been passed in all of the big English colonies. In England, France and Belgium hotel men's associations have resolved to refuse to house Germans as guests.

FEWER JOBS FOR WOMEN.

Washington, February 13.—Reports received by the Federal employment service show that requests from employers for female help have decreased 48 per cent since the signing of the armistice, while registrations by women for employment have decreased only 12 per cent.

INDIANA ALL-ROUND TRACTOR

The World's Tractor

HERE IS a one-man, single-unit, two-wheeled tractor that weighs no more than one large horse and does the work of four horses.

It really replaces horses—does work horses do and saves \$450 a year under horse costs. Saves also the wages of one man.

The Indiana is used with horse implements—the ones that you already have on your farm. Requires no special and expensive hitches—no special equipment.

It is just the right size and power to plow, drill, harrow, cultivate, mow, rake, pull a binder, etc. There is no excess weight, and no waste fuel.

This is the right tractor for big and little farms. It is superior in every detail of construction. It is low in price. Sold by the Indiana Silo Company, makers of the world's largest selling and most popular silo—a company whose products and fair business methods every farmer knows.

Ask us to show you the tractor and give you all the facts.

Will be ready to demonstrate in about a week.

NEW ERA IS SEEN FOR BUSY DIXIE

Brings Assurances of Permanent Prosperity and Completion of Work Now Under Way

WORKING WITH ONE OBJECT

It Will Complete Development of Dixieland, Thereby Insuring Lasting Prosperity

(By United Press.)

Atlanta, Ga., Feb. 13.—A new day is dawning for Dixie, bringing assurances of permanent prosperity and completion of development work now under way, according to well-informed men who are close to the agricultural and industrial life of the South.

The South is enjoying unprecedented prosperity, but it will not stop short of permanent prosperity and completed development of its varied resources.

With banks filled with money, easily obtained at good rates for sound projects; with industry stabilized; with agricultural interests on a firmer and more diversified basis; with the number of unemployed negligible, and with capital and labor at peace, everybody south of the Mason and Dixon line is working with one object—to complete the development of Dixieland, thereby insuring lasting prosperity.

Optimism, based on progress made within the last few years and on excellent prospects for continuing development work, prevails throughout the South.

The industrial and agricultural Southland of today is as different from the South of a few years ago as experienced men in these lines can make it.

Considered from a purely monetary standpoint, the war was worth billions of dollars to the Southeast, business men point out.

Much money was spent locally in construction of war camps and plants; through acquisition of government securities by the people, and through development of idle and waste lands.

Agricultural reforms, adopted because of war time necessity, probably will prove to be the most valuable thing resulting from the war for Dixie, farmers believe.

Appealed to by the government for increased food production, Southern planters dropped cotton—heretofore a one-crop product—and turned to diversified farming. Introduction, too, of improved and labor-saving machinery, because of a shortage in farm labor, was made.

An educational campaign was necessary, but today the movement for diversified crops is a success. It was the turning point in the South's development, planters and business men alike agree.

Great credit for the success of this movement is given to the county agents, who have not only shown Southern farmers how to raise and produce vegetables, truck crops, field crops and meat crops, but have been successful in getting the farmers to raise such products on a large scale.

Before the war, Dixie annually imported about \$600,000,000 worth of corn, oats, hay, flour, meat and meat products, dairy products and canned goods.

Today, the South is very nearly on a self-supporting basis.

Last year, the 11 states comprising the cotton belt produced 135 per cent more wheat than in 1909. These same states during this period increased their oat crop 133 per cent, hay crop 128 per cent, potatoes 117 per cent and sweet potatoes 67 per cent.

Hog and cattle raising has developed proportionately with the increase in corn and other grain production. New packing houses and stock yards are being established throughout the South.

Blooded hogs and cattle, found to be more economical in the production of meat, are fast replacing scrub animals.

As an indication of the increase in cattle raising in the South, Mississippi in 1914 marketed only 86,299 fat cattle, while last year it shipped 156,237 animals, an increase of 181 per cent.

Another source of confidence in the future is found in the large amount of cotton held by Southern planters to "bull" the market. Con-

servative estimates place the amount held for higher prices between 4,000,000 and 5,000,000 bales. Prices ranging from 35 to 40 cents a pound are being demanded by owners of the fleecy staple.

The naval stores market, held in a state of uncertainty because of cancellation of government contracts and extension of export restrictions, is expected to take a sharp upward trend with the signing of the peace treaty. Dixie's pine forests produce more turpentine and rosin than those of the rest of the entire world put together, averaging between \$40,000,000 and \$50,000,000 annually. This year's production probably will exceed \$70,000,000, dealers predict.

Real estate men can see nothing but good times ahead. A building wave, second to none in the South's history, is rapidly gaining momentum.

Every city, town and village south of the Mason and Dixon line has experienced a shortage of dwelling houses. Now that government restrictions on building have been removed, people who a few years ago never dreamed of owning their homes, are preparing to build.

In Atlanta as well as many other large cities, including Augusta, Charlotte, Columbia, Charleston, Richmond, Macon, Savannah, Jacksonville, Brunswick, Tampa, Columbus, Montgomery, Nashville, Chattanooga, Memphis, Mobile and New Orleans, vacant houses are scarce, and in many instances unobtainable.

One of the largest real estate concerns in Atlanta and the South, predicts a steady flow of real estate transactions.

Farming on a large scale is attracting northern capital. Florida has several of these big farms.

Notable among such undertakings is revealed in the recent purchase of a tract of land approximately 50 miles square near Palm Beach by H. S. Kelsey, of Boston.

A model farm of approximately 38,000 acres, exploiting the possibilities of Florida and the South to the agricultural world, is Kelsey's plan.

All states now admit women to the practice of law.

World's Largest Concrete Stave Silo

Erected in 3 Days

This is the world's largest Concrete Stave Silo. It was built of concrete staves; is 65 ft. high, and 20 ft. in diameter. When filled it will contain 600 tons of silage, requiring 66 acres of corn averaging 50 bushels to the acre. Contents will feed 190 cattle for 180 days. It was put up in 8 days.

This mammoth Stave Silo was erected to order for George W. Unger, of Carlisle, Ind., by the Concrete Silo Company of Bloomfield, Ind., the well-known builders of the Concrete Stave Silos, and who have put up within the last few years in the states of Indiana, Ohio, and Illinois, several hundreds of Concrete Stave Silos, from the smallest to the largest sizes.

They make their Concrete staves by a special process, and in a size and shape that enables them to erect a good sized silo in two to four days—which means a big saving to the farmer in the matter of boarding the help, to say nothing in the cost of material. When once erected, these Concrete Stave Silos are impervious to the elements or fire, as has been demonstrated by the most severe tests. They are built to last forever. Some counties in Indiana alone, have as many as 200 of these Concrete Stave Silos.

HEROIC DEAD WILL REMAIN IN FRANCE

Contrary to Previous Announcements, Bodies Will Not be Shipped Back Here For Burial

12 LOCAL BOYS BURIED THERE

Thirteenth Probably Gave His Life For His Country But His Fate May Never be Known

Contrary to previous announcements, America's heroic dead, 70,000 of them, will not be returned to the United States for interment, according to a dispatch from Washington which gives what is regarded as an authoritative version of the war department's decision.

This means that relatives of the twelve former Rush county men who gave their lives for their country and are buried in France, will not have the opportunity of placing their bodies in a final resting place here, as had been confidently expected up to this time.

Thirteen former Rush county soldiers were killed or died in France, but it is not at all probable that the body of Private Oval Green of the marine corps, son of Mr. and Mrs. Joe Green of Anderson township, will ever be found. He was reported missing in action July 18, 1918, in the midst of the second battle of the Marne. Indirect word has been received that he has been seen to fall wounded, and probably died on the battle field.

Several soldiers from this county were killed in action and lie buried in France: Private Carl Jackson, Private Albert H. Cox, Private Charles Prather, Private Charles E. Garrison and Sergeant Ralph Moore, all of Rushville. Private John W. Derwin of near New Salem and Private Cyrus E. Pattison of Manilla.

Private Murray R. Dawson of Glenwood, Private James Shanahan of near Rushville and Private Marshall Innis of Milroy died of wounds received in action and Private Raymond Hamilton of this city and Private Fred Kessler, Jr., of Manilla, died of disease in France.

Instead of shipping the bodies home for interment, it is announced that a great national cemetery probably will be created in the war zone of France, where all the bodies will be buried. The land for this cemetery will be contributed by the French government and will be cared for jointly by the two governments. It is planned to make the cemetery one of the most beautiful in the whole world.

The greatest artists, sculptors and landscape architects in France and the United States will be called on, according to the plan, to contribute their ideas toward beautifying the cemetery and toward making a monument unsurpassed anywhere for simplicity and grandeur.

The war department, it is said, has receded from its original intention

FALSE ALARM AT MIDNIGHT

Department Also Answers Call Today When Fire Catches Fire

Another false alarm was turned in last night, causing the city fire department to make a run about midnight. The city has offered a reward of \$25 for the apprehension and conviction of the person or persons guilty of this offense because it has been frequent lately. The offender will be seriously dealt with if he is found.

The department was also called to Al Linville's shoe shining parlor this morning when a fire caught fire. No damage was done to the building although the fire looked dangerous. The fire department acted on the theory that an ounce of precaution is worth a pound of cure.

HARRIET Z. STIERS IS DEAD

Widow of W. R. Stiers Expires at Her Home Near Mays

Mrs. Harriet Z. Stiers, age 71, widow of the late W. R. Stiers died yesterday afternoon at her home northeast of Mays at 3:30 o'clock. Death was caused by a complication of diseases. Mrs. Stiers was a member of the Raleigh Christian church. She is survived by three sons, Edgar Stiers of Gwynneville, Otis Stiers of Kokomo and William M. Stiers of Kansas City and one daughter, Mrs. Alma Warrick of this city. The funeral services will be held Saturday morning at 10 o'clock at the Raleigh Christian church. Interment will be made at the church cemetery. Mrs. J. B. Downey of this city was a sister.

CONTINUATION OF CO-OPERATION ASKED

Statement by Postmaster General Urging Support of Thrift Movement Received Here.

ASKS POSTMASTER HUNT'S AID

An urgent appeal for postmasters to continue their co-operation in the sale of War Savings stamps and do everything in their power to support the thrift movement of the government this year, is contained in a statement by Postmaster General Burleson which has been received by Postmaster G. P. Hunt. The statement says:

"The Postoffice Department deeply appreciated the splendid patriotic War Savings service of the postmasters during the year 1918, and inasmuch as the thrift movement is to be one of the major operations of the United States Government for the year 1919 the Post Office Department earnestly asks our co-operation with the county, city and town War Savings chairmen. It is not true, as many seem to believe, that the war is over. The war is not over and will not be over, so far as our people are concerned, until the financial obligations we have incurred have been completely discharged.

"As a representative man of your community there devolves upon you a duty to our country and to the people with whom you come in contact to co-operate in this most important activity sponsored by our government. Hence, I bespeak your cordial co-operation in War Savings for this year."

IS ATTACKED BY HUN WHOM HE BEFRIENDED

Major E. K. Westhafer, Son of Arlington Minister, Has Souvenir of Narrow Escape.

MILITARY POLICE SAVED HIM

Major E. K. Westhafer, son of the Rev. M. F. Westhafer of Arlington, who has charge of the medical corps on the ship Susquehanna, bringing home sick and wounded soldiers from France, spent the week end with his parents at Arlington. He returned from Newcastle to Arlington today and will leave for Trenton, New Jersey where he is assigned to duty.

Among the souvenirs which Major Westhafer has is a knife with a seven-inch blade, with which a wounded German prisoner attacked him when he was dressing the soldier's wound. The German had it secreted in his boot. The quick interference of one of the military police saved Major Westhafer from more than a slight wound.

Nearly all Japanese soldiers are expert gymnasts, and every barrack has a gymnasium.

DISSENTION OVER ANTI-GERMAN BILL

Negley Senate Measure, However, is Recommended for Passage, With Amendments, in House

WOULD INVESTIGATE BAKER

Resolution in Senate Protests Against Release of Conscientious Objectors From Prison

BULLETIN.

Indianapolis, Ind., Feb. 13.—The house late today passed by unanimous vote the Negley and Lowe bill, which repeals the law allowing teaching of German in grade schools and which prevents the use of any language other than English in giving instruction in the grades.

Indianapolis, Feb. 13.—Dissention cropped out among members of the education committee of the house today over the Negley bill to repeal the law permitting the teaching of German in graded schools, which was reported out with amendments, with the recommendation that it be passed.

Representative Barker, a member of the committee, declared that it had been agreed at a committee meeting Tuesday night to report the bill without amendments. The chairman of the committee, Representative Kessler, claimed that it had been agreed to amend the bill and that the amendments were written at a meeting of the committee last night, which Barker did not attend.

Speaker Eschbach stated that amendments were necessary to correct the phraseology of the bill, saying that when it came to the senate, it would have prevented the teaching of anything but English in the schools, and that there were several other mistakes.

He stated, however, that everyone would be given an opportunity to present their views on the bill, and suggested that the committee hold a meeting immediately and reach an agreement. This was done and the same report amending the bill and recommending it for passage, was presented and adopted.

The bill will probably now be given a clear road, as the republicans have agreed in caucus to support it.

A joint resolution protesting against release of conscientious objectors from Leavenworth prison by Secretary of War Baker and asking congress to investigate the entire administration of Baker as secretary of war, was introduced by Senator Negley, republican floor leader.

Senator Van Anken, democratic leader, declared the resolution should be thoroughly investigated by a committee before the senate takes action on it, as it "virtually made the charge of pro-Germanism against the secretary of war."

The motion was referred to the committee on federal relations.

The bill providing for all time health officers was defeated in the house when a majority report favoring indefinite postponement was adopted.

Senator Van Anken introduced a bill providing severe penalties for Bolsheviks.

Referendum vote on legislation on the petition of 10 percent of the voters, is provided in a bill presented by Senator Aldredge.

Representative Jinnett introduced a bill increasing salaries of commissioners.

Speedy enactment of the anti-German language bills now before the legislature, was in prospect today. The legislators who had any tendency to hold up the measures, have changed their attitudes as the result of the hundreds of protests against delay received from all sections of the state.

The house, after several times postponing action on House bill No.

WILSON PLANS TO RETURN TO FRANCE

Indicates in Speech He is Convinced League of Nations Will Not be Completed When He Leaves

EXTENSION OF ARMISTICE

Report Says Allies Will Reserve Right to Suspend it if Germans do not Meet Terms

Paris, Feb. 13.—President Wilson in addressing the French and associated powers today indicated he was convinced that work on the league of nations will not be completed before his return to the United States.

"I am confident that after my return to France we will celebrate its completion," he said.

Marshal Foch today completed the conditions on which extension of the armistice will be based and was prepared to present it to the German delegates at Treves.

The supreme war council has decided, says a Havas report, that the armistice with Germany will be renewed February 17 for a brief period, with the allies reserving the right to suspend it at any time in the event of Germany's failure to carry out new clauses or those which have hitherto not been executed. It is said the terms will provide that the Germans must cease hostilities against the Poles, and retain their forces within fixed limits.

During the brief period of the renewed armistice a special commission will definitely draft the conditions of an armistice which will last till the signature of the peace preliminaries. These conditions, which the supreme war council is reported to have approved in a rough form, have in view, it is said, the demobilization of the German army and the disarmament of the enemy under the supervision of the allies. These terms, it is understood, will be communicated to Germany so that the national assembly at Weimar will have time to deliberate on them until the provisional armistice expires.

Before leaving for Treves today, where he is to meet the German armistice commission February 17, Marshal Foch interviewed Premier Clemenceau. The marshal and the premier at this meeting began the draft of the armistice provisions which the supreme council was expected to consider immediately.

The question of establishing a large military police force under the league of nations was to be discussed at today's meeting of the league's committee.

It is reported that M. Clemenceau made an impressive speech at yesterday's sitting of the council, showing the necessity of taking all possible precautions against Germany. At the afternoon sitting, President Wilson is declared to have adopted the same viewpoint, affirming.

DEMONSTRATION PUT DOWN

Revolutionary Movement Starting in Bucharest is Suppressed.

(By United Press.)

Copenhagen, Feb. 13.—A revolutionary demonstration was suppressed by troops in Bucharest, it was reported in a Berlin dispatch received today. Crowds attempted to storm King Ferdinand's motor car. Strikes are spreading throughout Roumania, according to the dispatches.

King Ferdinand was wounded when the Royal Palace of Bucharest was bombarded by Roumanian revolutionists, according to a Vienna dispatch. The Royal family is reported to have attempted to escape to Jaffa, but workmen prevented them. The revolution is said to be spreading throughout the country.

MILLO DAWSON, AGE 41, DIES

Son of Mr. and Mrs. M. C. Dawson Expires at Madison

Milo Dawson, age forty-one years, son of Mr. and Mrs. M. C. Dawson of East Eleventh street, died at the Southeastern Indiana hospital for the insane at Madison, according to word received here today, and the remains will arrive here tonight for funeral services and burial. Mr. Dawson was an inmate of the hospital for more than ten years. Besides his parents, he is survived by two sisters, Mrs. Ross Friend of near Orange and Mrs. Ray Reeves of Indianapolis. He was never married. Arrangements for the funeral have not been made.

THREE DIVORCES ARE GRANTED BY THE COURT

Decrees of Separation All Issued With Provision That Plaintiffs Pay Costs

ONE ENJOINED FOR MARRIAGE

Three divorce suits have been granted in the circuit court since yesterday afternoon, all with the proviso that the decree shall not be issued until the costs are paid. The plaintiff won in each case.

Oscar C. Bailey, a former soldier, this morning won the suit for divorce against his wife Esther K. Bailey, who failed to appear. Bailey was also enjoined from marrying for two years.

Bessie M. Boyer was granted a decree of separation from her husband, John H. Boyer, and allowed \$5.50 a week for the support of their children. The evidence in the case was heard February 8 and taken under advisement.

Martha F. Durham was successful in gaining a legal separation from James O. Durham and her maiden name of Black was restored. She was also allowed \$15 attorney's fees, which the defendant was ordered to pay. Mrs. Durham was instructed by the court to return several articles of personal property which belonged to Durham.

I. & C. OFFICERS ALL RE-ELECTED FOR YEAR

No Action on Extension of Traction Line to Cincinnati is Taken at Annual Meeting

CLAUDE CAMBERN, DIRECTOR

Indianapolis, Ind., Feb. 13.—The officers of the Indianapolis & Cincinnati Traction Company were re-elected at the annual meeting of the stockholders held in the company's offices Wednesday. Reports for the year were read and directors were elected, who elected the officers.

Charles L. Henry, of Indianapolis, is president of the company; Theodore F. Rose, Muncie, vice-president; John J. Appel, Indianapolis, secretary; John F. Wald, Indianapolis, treasurer. Other members of the board of directors are W. T. Durbin, of Anderson, former Governor of Indiana; William J. Alford, Anderson; George A. Ball, Muncie; Claude Cambern, Rushville and John T. Beasley of Terre Haute.

While the net earnings of the company were \$135,959.03 for the year, a deficit of \$36,763.75 is shown after deducting fixed charges. No action was taken at the meeting on the proposed extension of the company's line to Cincinnati.

CROWDER RENOMINATED

Washington, Feb. 13.—Major General Enoch Crowder was today renominated by President Wilson as judge advocate general with the rank of major general for four years, beginning February 15.

UNEMPLOYMENT IS NOT IN PROSPECT

With Many Public Improvements Contemplated Here, There Will be no Idle Labor

ROAD WORK IS BIGGEST ITEM

Rushville Will Offer Opportunities For Idle Men—Farms Not on Pre-War Basis Yet

There will be no occasion for unemployment in Rush county, even with hundreds of soldiers back in civilian life, because of the many improvements which are contemplated for the spring and summer. As soon as the weather is settled, work will start in Rush county on a larger scale than ever in the history of the county, it is believed by many men who have been looking ahead.

First of all, there is the question of new roads. Held in for more than a year by war-time restrictions on road building, good roads advocates are going the limit in an endeavor to get all the roads the law will allow, and it is predicted that practically every township in the county will exhaust its township road fund.

The new roads which will be built in Rush county this year will provide labor for hundreds of men. Already petitions for two permanent highways—one in Rushville and one in Noble township—have been presented and will most likely be granted by the commissioners. In addition, it is expected that still a second permanent highway will be ordered in Rushville township. At least a half score of gravel and macadam roads will be built this summer, if there are enough contractors to do all of the work, judging from the petitions which have been presented and which are being circulated.

New roads will be only one small item in the public work which is under consideration. If the hospital carries at the special election February 23, it is regarded as probable that work can be started on it before the summer wanes. This will be a big job entailing the employment of many men.

The city of Rushville also has under consideration work which will provide an opportunity for idle men to find a job. The connection of the new water wells southwest of the city to the city mains will in itself be no small task and will mean the expenditures of several thousand dollars. The city not only has to run pipe lines from the wells to the city, but as well will have to run an electric line to the wells to supply electric current for the pumps to operate them. The city council is

CHAIRMAN CALLS MEETING

Elmer Hutchinson at Session to Grain Dealers' Appeals.

Elmer Hutchinson, of Arlington, chairman of the arbitration appeals committee of the Grain Dealers' National Association, called a meeting of the members at the Columbia Club in Indianapolis yesterday. This committee has to pass on any cases between the members of the Association that are appealed from the decision of either of the lower arbitration committees. The association has about fifteen direct members distributed over the whole of the United States and Canada, and also over three thousand associate members, who are members of the different state associations. The other members of the committee besides Mr. Hutchinson are H. T. Burns of Buffalo, N. Y.; C. Eikenberry of Camden, Ohio; J. S. Green of Louisville, Ky.; and A. L. Scott of Pittsburg, Kansas.

Main Street

Days Pickings

Mr. and Mrs. Joe Stevens have moved from their farm in Jackson township to the Alfred Newhouse property in East Second street. Mr. Stevens has rented his farm to his son-in-law, Bert Newkirk.

WINE MAKING TO BE ALLOWED

(By United Press.)

Indianapolis, Ind., Feb. 13.—That the prohibition law will not be radically changed by the present session of the legislature, now seems certain. The legislators have refused to accept any drastic amendments proposed, taking the view that the question will cease to be a matter for states when the federal amendment to the constitution becomes effective next year.

However, some minor changes will undoubtedly be made in the law. The Wright bill, which would have made the measure far more drastic than at present, may be passed in amended form. The amendments, however, have taken most of the "teeth" from the bill.

An amendment which would allow the keeping of wine for domestic use has been accepted by the author. The original bill would have prohibited the making or keeping of wine by a householder.

The clause which provides that on second conviction of a tenant on the charge of violation of the law, the building shall be sold and the proceeds used to pay the fines of the assessed, may be passed.

John Miller who was operated on at St. Vincent's hospital in Indianapolis three weeks ago for the appendicitis, is reported as getting along slowly.

Mrs. Alfred Leisure of North Main street was operated on at St. Vincent's hospital in Indianapolis yesterday.

The New Salem high school basketball team defeated the Webb team yesterday afternoon in the gymnasium at New Salem. The final score was 10 to 8. This is the first game for either of the teams this year.

The Methodist Episcopal church of Arlington is holding prayer meeting each evening this week and will be continued next week. Everybody is cordially invited to these meetings.

Marriage licenses have been issued to Miss Bertha F. Pribble, daughter of Mr. and Mrs. Samuel R. Pribble and Robert A. Cameron; and to Miss Goldie Gurley, daughter of Mr. and Mrs. Levi Gurley, and Garrett H. Brouhard, son of Mr. and Mrs. L. E. Brouhard of Hancock county.

MAKES BIG APPROPRIATION

Washington, Feb. 13.—The American Red Cross yesterday announced that it had made an additional appropriation of \$250,000 for relief work in Palestine and the Near East during January and February.

DRY LAW IS NOT TO BE RADICALLY CHANGED

Legislators Refuse to Accept Any Radical Amendments, Because of Federal Amendment

WINE MAKING TO BE ALLOWED

(By United Press.)

Indianapolis, Ind., Feb. 13.—That the prohibition law will not be radically changed by the present session of the legislature, now seems certain. The legislators have refused to accept any drastic amendments proposed, taking the view that the question will cease to be a matter for states when the federal amendment to the constitution becomes effective next year.

However, some minor changes will undoubtedly be made in the law. The Wright bill, which would have made the measure far more drastic than at present, may be passed in amended form. The amendments, however, have taken most of the "teeth" from the bill.

An amendment which would allow the keeping of wine for domestic use has been accepted by the author. The original bill would have prohibited the making or keeping of wine by a householder.

The clause which provides that on second conviction of a tenant on the charge of violation of the law, the building shall be sold and the proceeds used to pay the fines of the assessed, may be passed.

John Miller who was operated on at St. Vincent's hospital in Indianapolis three weeks ago for the appendicitis, is reported as getting along slowly.

Mrs. Alfred Leisure of North Main street was operated on at St. Vincent's hospital in Indianapolis yesterday.

The New Salem high school basketball team defeated the Webb team yesterday afternoon in the gymnasium at New Salem. The final score was 10 to 8. This is the first game for either of the teams this year.

The Methodist Episcopal church of Arlington is holding prayer meeting each evening this week and will be continued next week. Everybody is cordially invited to these meetings.

MAKES BIG APPROPRIATION

Washington, Feb. 13.—The American Red Cross yesterday announced that it had made an additional appropriation of \$250,000 for relief work in Palestine and the Near East during January and February.

SAFE BLOWER HIT BY PROPOSED LAW

Penalties For Robbery of This Character Are Increased in Bill to be Introduced

BANKERS PACKING MEASURE

Indianapolis, Ind., Feb. 13.—More severe penalties for robbers who blow safes, was advocated by many members of the legislature today as the result of the increasing number of bank robberies in the state in the last few months.

Provision for an increase in penalties for such acts is made in a bill introduced by Representative Gregory of Knox county.

The bill reads: "Any person, who with intent to commit crime, breaks into and enters either by daylight or by night, any building, whether inhabited or not, and opens or attempts to open any vault, safe or other secure place, by use of nitroglycerin, dynamite, gun powder, or any other explosive, or by use of any chemical or combination of chemical, shall be deemed guilty of burglary with explosives. Any person duly convicted of burglary with explosives, shall be punished by imprisonment for a term of not less than twenty-five years and not more than forty years."

The state bankers association is backing the bill, declaring that more stringent means must be taken to protect their institutions.

PITTSBURG PARK BANK CLOSES DOORS TODAY

Embezzlement of Funds by Cashier, J. S. Swartz, Responsible, According to Statement.

DEPOSITS TOTAL \$2,200.00.

Pittsburg, Feb. 13.—The Park bank of Pittsburg with deposits totaling more than \$2,200.00 was closed today by the state bank examiner.

The bank directors issued a statement declaring there had been an embezzlement of funds of the bank by J. S. Swartz, cashier, making it impossible to continue business longer.

Schwartz has admitted that he alone is responsible for the conditions which have caused the bank's closing, the statement said.

WILSON PLANS TO RETURN TO FRANCE

Continued from Page One

ing that all the allies were agreed on that point and that divergencies which cropped up during previous discussions bore solely on the most suitable methods of obtaining the necessary guarantees.

President Wilson, according to the report, is understood to have declared in conversation that a resumption of hostilities was a grave eventuality to which he would agree only on the most absolutely essential considerations and not for any secondary motive. The report is that, in Mr. Wilson's opinion, the nonexecution of terms of the armistice by Germany would be an incident of such a nature as to justify the resumption of war and it is said that he would not hesitate in that case to order the American army to take up arms again.

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neolin Soles for their comfort and waterproofness.

It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable! They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

Neolin Soles

CAMP PHYSIOLOGICAL BELTS

Wear one of these belts and you will have more strength for your daily work.

Stops back ache, tired feeling.

—Mr. and Mrs. S. G. Rucker and family were called to Crothersville yesterday on account of the death of Mr. Rucker's uncle.
—C. W. Allen left here this morning for a visit with relatives in Tipton, after being the guest of his brothers here for a few days.

—State Senator Luke Duffey of Indianapolis was the guest of friends here yesterday evening and attended the Social Club dance.
—George Dehority returned to home in Elwood today after visiting relatives here. Mrs. Dehority and son will return home tomorrow.

—Lieut. Guy Newman has been discharged from the service at Camp Pike, Arkansas and has returned to his home in this city, in South Harrison street.

—Private Edward Gardner, of Camp McClellan, Alabama, has returned to his home in this city after being honorably discharged from the service several days ago.

—Miss Hattie Corey has gone to Brazil to be the guest of friends before returning to her home in Argos, Ind., after an extended visit at the home of Mr. and Mrs. Morton P. Gray, east of the city.

—Aaron Charles of Delphi, Ind., came last night to be the guest of his daughter, Mrs. Jack Knecht.

Nonh Matlock, who has been ill for several weeks at his home in Circleville, was reported today to be improving.

—Mrs. Lien Oneal and Miss Fern Finley have gone to Cleveland, Ohio, for an extended visit with relatives.

—Captain Edwin Watson, who was visiting friends here yesterday while enroute from Vancouver Barracks, near Portland, Oregon, to Washington, D. C., left this morning for Washington. He has been transferred from the spruce production division at Vancouver to Washington.

HEROIC DEAD WILL REMAIN IN FRANCE

Continued from Page One
to bring all the bodies home. In the first place, it would be a tremendous task, and would take four or five years to accomplish. In the meantime military funerals would be taking place all over the country, and this would only serve to prolong the agony and suffering of the relatives and friends of the dead.

It is planned to make the cemetery a great national shrine, where thousands of Americans are expected to go every year to pay their respects to the dead.

The French government, it is understood, has favored the new plan because it would be conducive to keeping alive the spirit of friendship and devotion that has characterized the national sentiment of the two nations during the war.

The bodies of the naval heroes who were killed or who died during the war will be brought home, it has been decided, according to the original plan, for the reason that there are not many naval dead and the bodies can be handled expeditiously.

What will be done with the bodies of the Americans buried in England, Ireland and Scotland has not been decided. It has been suggested that a national cemetery be created somewhere in the British Isles where all the bodies could be assembled.

UNEMPLOYMENT IS NOT IN PROSPECT

Continued from Page One
also reported to have another improvement in mind.

Although the completion of three blocks of brick pavement in Third street will not require a great amount of time, it is one of the small items which, when combined, will contribute towards making Rushville and Rush county a busy place during the spring and summer. It is barely possible, also, if other plans which are rumored, do not miscarry, that other street improvements of a permanent character may go through this summer.

There will be great opportunities for returned soldiers on the farms of Rush county next spring. Even now, some farmers have complained that they are unable to find proficient help. There is a great gap on the farms to be filled because of the shortage of labor last summer and many former soldiers will have to return to their places on the farms before conditions with respect to farm labor approach the state they were in before the war.

The matter of private building is also an item which will contribute much towards restoring Rush county to its pre-war status. Much farm building is anticipated and many new houses in Rushville are in prospect.

SENT TO GREENFIELD

The case of David A. Ricks against Aloizo Detrymple of near Carthage, alleging breach of warranty and demanding \$100 damages, has been sent to the Hancock circuit court at Greenfield for trial by Judge Sparks. The case involves the sale of a horse which, it is alleged, did not prove to be as represented.

PREPARING TO RUSH WORK

Washington, Feb. 13.—With labor and materials now available the government is preparing to rush work on the Alaskan railroad and Secretary Lane has asked Congress for \$13,800,000 to complete the job. The Alaskan railroad commission estimates that the work will require 3 years.

Sap and Salt

By BERT MOSES

Gall and ability are often con-
fused.

The only genuinely pious people
are those whose piety doesn't show.

Hez Heck says: "Don't run after
women, and the chances are they
will run after you."

A man's charity is not to be mea-
sured by what he gives, but by what
he has left after giving.

What you hand the other fellow
will in turn be handed to you, it be-
ing merely a question of time.

The man who buys a gold brick
gets what he deserves, because he
thought he was gold-bricking the
sharper who gold-bricked him.

The best thing Eve, the snake and
the apple did was to change lolly-
gagging into labor. It is better far
to work outside of Eden than to
loaf inside.

The report says that their produce
was valued at \$6,650.

All this is very interesting right
now. It shows what the youngsters
can do and what they actually did do
in a definite season. Through the
clubs of various sorts which stimu-
late these youthful agriculturists the
boys and girls learn not only how to
raise pigs and chickens and garden
truck. They learn also how to reckon
on the cost of production, they learn
the best marketing methods. They
learn how to keep track of profits.

It hardly seems likely that these
young farmers and gardeners, if
they turn to agricultural pursuits
when they grow up, are going to be
content with antiquated methods and
outworn customs. They will be able
to attack the troublesome problems
of farm labor, markets and crops
with trained intelligence.

Book Agents.

While the war was going on, some
of the familiar figures of daily life
have been rarely seen—among them
the book agent. Good-natured peo-
ple have not lately had to stop work
a half hour while some literature
seller's tongue ran down. And the
business man has been spared the
loss of his temper when some solic-
itor delayed removing his unwelcome
presence.

Now people will be returning to
the old ways of earning money. So
look out for the impetuous stu-
dent, who can't complete his educa-
tion unless you buy a \$50.00 history
of the war, with tooled leather cov-
ers and 125 steel engravings. One
will be told he is neglecting the edu-
cation of his children if he doesn't
take up some of these costly propo-
sitions.

Many agents think they can per-
suade their victims by insulting
them. They intimate it is lack of in-
telligence that makes one reluctant
to buy. No book was ever sold that
way. Others carefully conceal their
real terms until they have the pros-
pect safely hooked. It only costs
\$2.00 down, and the remaining \$3.00
a month for ten months can be saved
out of cigar money. Courtesy, frank-
ness, and brevity should be the
watchwords of any solicitor.

The public needs discrimination in
dealing with these people. Many
folks are won over by eloquent can-
vassers to purchase works they never
look at, or material no better
than could be bought at a store for
much less money.

Most persons would advise a
young man or woman to seek other

employment, if he could get it, some-
thing directly productive, if they
tease people to buy things they don't
need or want, it is no foundation for
business success. Yet many excel-
lent people have gotten a start by
canvassing with books. The pub-
lishing houses say they distribute in
this way a large volume of good li-
terature, and interest in better read-
ing many people who otherwise
would never choose anything but
trash.

"The Little Peoples."

The nineteen smaller nations who
are seeking greater representation in
the peace conference are justified in
their demand. Small nations have
had too long to bow to the will of the
larger nations, to be oppressed by
them, perhaps to endure annexation
against their will.

The cry of the Little People goes
to God in vain.

The Czech and the Pole and the
Finn and the Schleswig-Dane.
Belgium and Serbia have almost
met such a fate, and in proportion
to their sufferings in the late war,
should have the assurance of free-
dom.

It is only by the protection of a
League of Nations that smaller
countries are certain of retaining
their self-government. Let the
weaker have their rights secured
against the powerful.

Since the Germans have no one
else to fight they seem to revel in
fighting each other. Let us hope
that they get enough of this poor
idea of theirs that a nation is not in
the limelight or popular unless it has
constantly before its face the sword
of hatred. The only question that
seems reasonable is the one that
asks why they did not start a private
war in the first place and leave
the rest of the world out of it. It
would have been better for nations
concerned and for the reputation of
Germany—if she has such a thing.

It is to be hoped that President
Wilson approves the suffragists' meth-
od of keeping the home fires burn-
ing during his absence.

And now the king of Montenegro
has been deposed. Europe will cer-
tainly soon need to found an asylum
for its former kings and extempu-
rators.

A gas mask is something that we
can gladly spare from the world's
commodities. It is one article that
is neither beautiful nor becoming.

POINTS TO CONSIDER IN BUILDING HOSPITAL

(Contributed by a citizen of Rush-
ville who has lived here for 24
years.)

What is the matter with the city
park for a hospital site?

Plenty of room north of the col-
iseum and the chautauqua comes at
the dullest time of the year. A front
in Tenth street could be seen from
Main street. The park is a quiet
place, has plenty of trees, is not out
of town and can be visited by anyone
on foot if need be.

TWO MORE PEOPLE RECEIVED IN CHURCH

Everything Possible Being Done to
Bring Baptist Revival to Cli-
max at End of Week

SERMON BY THE EVANGELIST

The interest in the series of ev-
angelistic meetings at the First
Baptist church continued last even-
ing. Two more people were received
into the church and two were bap-
tized at the close of the service.
Every thing possible is now being
done to bring the meetings to a cli-
max by the close of the week.

Evangelist Renn's sermon last
evening was based on the following
scripture text, "This is a faithful
saying and worthy of all acceptance
that Christ Jesus came into the
world to save sinners of whom I am
chief." He said no one need to be
discouraged because of his sinful
condition, that it makes no differ-
ence how low a person gets, the
power of Christ is sufficient to reach
and restore him. Several names were
mentioned such as Mel Trotter, Jer-
ry McCauley, Billy Sunday and oth-
ers who were at one time men of

reckless life and guilty of almost
every kind of sin, and the power of
Christ was sufficient to restore them
and make them strong Christian
workers.

"Paul was a bad man until he met
Christ, after that he was a good
man," said Mr. Renn. "The church
ought to have more confidence in
the gospel of Christ to save the
lowest sinner in Rushville, it makes
no difference whether he comes from
the gutter or the most cultured cir-
cles. It's all the same to God. The
church must have more faith in the
power placed at her disposal and
use it for the transformation of
men and women."

TANKS FOR COMMERCE

London, Jan. 30. (By Mail)—
The tanks are going after civi-
lian jobs in the army of recon-
struction.

The tank idea, developed in
war from the American farm
tractor, is not going to be aban-
doned in peace. Engineers are
at work on designs for com-
mercial highspeed tanks, or
trucks with tank treads, and
manufacture of these ma-
chines probably will keep the
war tank factories running.

The advantage of the caterpi-
ller tread, used in tanks, in-
clude loss wear and tear on
roads, greater mud-navigating
powers, and great hill-climbing
ability, it is claimed.

Twenty nurses will be the live re-
sponse of the Red Cross Nursing De-
partment to a request for a larger
staff to help out the 14 nurses now
on duty in the Holy Land.

Says It Is The Best In The World

There is one remedy that those
who know depend upon for relief
from coughs that "hang on" after
the grip. Foley's Honey and Tar
clears the passages, soothes raw, in-
flamed membranes and banishes irri-
tation and tickling in the throat. A.
H. McDaniel, Box 57, Lindside, W.
Va., writes: "I am glad to tell you
that Foley's Honey and Tar is the
best medicine in this world. I have
had a severe cough and before I
used half a bottle I was better."—F.
B. Johnson—Adv.

Queen Incubators and Brooders AT HAYDON'S

Your dollar will produce more if spent with
us. There are several reasons why we can
guarantee this. We buy for cash and in
large quantities. We have reduced our ex-
pense to a minimum. We are satisfied with
a reasonable profit. If you consider these
reasons sufficient, you are convinced that
we can sell good goods cheap. If you will
give us a trial we will convince you that we
do. We are not quoting prices this week—
just bear in mind that no matter what you
want, if it's worthy of space on our shelves
we have it, and at the right price.

Phone 1420

It Cost Just 20 Cents More
To Produce the Big One than it did the Runts

**THE BIG ONE WAS FED
AVALON FARMS HOG-TONE**
—The Liquid Hog Conditioner, Fattener and Worm Remover—
—THE RUNT WASN'T

THEY both started life at the same time and weight. They were
given the same feed under the same conditions - with one excep-
tion. The big one got his regular dose of AVALON FARMS HOG-TONE—
the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops mar-
kets and brings big profits to the pockets
of the hog raiser. The runt cost more to
raise than he will ever bring in the mar-
ket. And the difference was brought
about by 20 cents worth of AVALON
FARMS HOG-TONE. HOG-TONE
puts new life into hogs—makes them eat
more and grow fat at an amazing rate.
It helps them to combat disease and eli-
minate the worms that are the hog rais-
er's greatest foe to profits. Splendid for
pregnant sows—helps to produce health-
ier, sturdier pigs. Come in the store—
tell us the number of your herd—and we
will give you enough HOG-TONE to
treat all your hogs 60 days. You don't
give us a penny now. If the results of
the HOG-TONE treatment fail to satis-
fy you, it will cost you nothing.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear over night. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

THRILLER IS WON BY LOCAL QUINTET

Rushville High School Basketball Team Takes Fast Game From Fairland, 23 to 21

FORGES AHEAD IN FIRST HALF

Visitors Put up Game Fight in Last Half and Almost Tie Score Near The End

Rushville high school tackled another scalp to their list last night at the Graham Annex gym when they defeated the Fairland quintet in the closest game played this season. The final score was 23 to 21 in favor of Rushville. This makes the local team champion of three counties

ONE AFTER EACH MEAL FOR A WEEK

You'll be surprised how good you will feel. Pepsinco cures stomach trouble; it regulates the bowels. It aids nature. Pepsinco is used by thousands every day, simply because it helps them.

In mild cases of stomach disorder a few doses are necessary. In severe cases Pepsinco is used with wonderful results.

Mr. C. says that he suffered 15 years and Pepsinco helped him to such an extent that he eats heartily and suffers no pain. You take Pepsinco and cure your stomach trouble.

All Druggists Sell It.

and the strongest contender for the district honors.

The game started with the usual "pep," with Fairland making the first point off of a personal foul made by Caron. Rushville then forged ahead and all through the first half, held its place in the lead. The score for the first half was 12 to 5 in favor of the locals.

The fans were given the best thrill of the season in the last minute of play when the visitors all but tied the score and made overtime necessary. A Fairland forward sent the ball whirling toward the basket, but the referee blew his whistle just before the ball fell through the iron ring into the basket. If the foul had not been called, the visitors would have tied it up. They missed the foul goal and the game ended.

The second half started faster than the first half with Rushville in the lead until the last few minutes of play when the Fairland team, although it seemed certain that they were beaten, came back and tied the score. They can be given the honor of having more fight and grit than any team that has played here this year, fighting in the face of odds as no other team has done. When they tied the score, for a few minutes it seemed that they would win in spite of all the efforts that the locals could possibly produce.

Luther, the Fairland forward started making 6 field goals, most of these were made from the middle of the floor as Rushville's guarding was so close that the boys could not get the ball to their end of the floor. Keating starred for the locals, making 11 points and Tompkins followed closely with 10 points.

Norris and Headlee, the local guards, played one of the best guarding games they have played this year. Caron failed to make as many points as he usually does as his guard was right there all the time. The lineup summary is as follows:

Rushville (23)	Fairland (21)
Caron	Luther
Keating	Forwards
Tompkins	Center
Norris	Guards
Headlee	Arbuckle

Field goals—Keating 4, Tompkins 5, Caron 1, Luther 6, McDonald 1, Williams 2. Foul goals—Keating 3 and McDonald 3.

County News

Cole Reign Dead.

Social Calendar

Friday

Evening Card club with Mrs. Ferd Retherford, 930 North Main street.

Mrs. Roy Perkins hostess for the Loyal Daughters of the Christian church at her home in East Fourth street, in the evening.

Shakespeare club with Mrs. John Kiplinger, 832 North Main street, in the evening.

Mrs. O. M. Dale hostess for the 500 Club, in the evening, at her home in North Main street.

Monday Night Bridge club with Mrs. Fred Boxley, 421 North Morgan street.

The Ladies Aid society of the Fairview Christian church celebrated their fourteenth anniversary last Friday at the home of Mrs. Walter Saxon, with a pitch-in dinner, their husbands being guests. In the afternoon the Rev. G. F. Powers gave a short talk on "The Betterment of Young People Socially." The members of the aid society presented their president, Mrs. Walter Saxon, and secretary, Mrs. Harley Wilkoff, each with a beautiful dish. There were fifty-five persons present.

The War Mothers club will meet Saturday afternoon in the Social club rooms, 212 North Morgan street.

Mrs. O. M. Dale will entertain the members of the 500 club tomorrow afternoon at her home, 424 North Main street.

Mrs. Fred Boxley will be hostess for the Monday Night Bridge club tomorrow evening at her home in North Morgan street.

An informal dance will be given at the K. of P. hall in West Second street tonight. The Greensburg Jazz orchestra will furnish the music.

Twelve members of the Sorosis club were delightfully entertained by Mrs. H. H. Elliott, at her home in North Harrison street, Tuesday afternoon. Mrs. Cora Saxon read an interesting paper on the "History of Rheims," and another paper was read on the history of Jerusalem, by Mrs. Joseph Walther of Greenwood. Late in the afternoon refreshments of ice cream and cake was served. The next meeting will be held at the home of Mrs. J. T. Paxton.

The bridge party given by Mrs. O. H. Bradley and Mrs. Roll Miller, at the home of the former in Newcastle yesterday afternoon, proved to be a very delightful affair. The hostesses had twelve tables for bridge, with valentine emblems of hearts and cupids. At six o'clock a delicious two course luncheon was served to the guests present. Those from this city who were in attendance were Mrs. Rich Reed, Mrs. Jack Knecht, Miss Bertha Helm, Mrs. Guy Mulharger, Mrs. Carl Behr, and Mrs. Bert Mullen.

Mrs. Ferd Retherford will be hostess for the Evening Card club tomorrow evening at her home in North Main street.

The Sunshine Embroidery club met yesterday afternoon with Mrs. Horace Glidden at her home in Raleigh. The afternoon was spent over the needlework and dainty refreshments were served at a late hour. There were nineteen members present. The next meeting will be with Mrs. Ralph Elwell.

The Lincoln day formal dancing party at the Social club last night was one of the most delightful events taking place in the spacious rooms of the club for many months. It was the first function of the sort this winter and was enjoyed by many members of the club as well as invited guests from here and elsewhere. Refreshments of sandwich-

es and coffee and pineapple ice were served during the evening.

The guests from a distance included Miss Ruth Cline, Miss Irene Wooten, Mr. and Mrs. Walter Jolly and Mr. and Mrs. Edwards of Knightstown; Sterling Wilson, Tom Curn, Arthur Bancroft and Senator Lake Duffey of Indianapolis; Mr. and Mrs. George Dehority of Elwood; Floyd Kirklin of Muncie; Mrs. Harold Manzy of Gary; Paul and Charles Logan of Greensburg and Charles Cortelou of Connersville.

At the close of the W. R. C. business meeting yesterday Lincoln's birthday was celebrated by a very appropriate program. Mrs. Jacob Webb read a paper on Lincoln and a short talk was given by Mrs. Lou Havens. Mrs. Ida Lee sang an old time song, "A Soldier Boy at Waterloo" and a talk was given by Mrs. Alice Bainbridge.

Amusements

Fight Featured in Picture

A man-to-man fight in the north woods is the feature of "Hugon the Mighty," the thrilling Bluebird photoplay in which Monroe Salisbury will appear at the Mistic theater tonight. Hugon is a typical woodsman, hardy and fearless, who fights for his people when crooked surveyors order the woodsmen and their families off the land, claiming the government had taken it.

All the governments in the world could not have made Hugon the Mighty obey such an order without resistance. He would see. And he did see; and when these land thieves and Hugon met, the north saw its most glorious man-fight in its history.

Mae Murry will appear tomorrow in "Modern Love," a Universal special attraction, and Tom Mix will be seen Saturday in "Hearst of Saddles."

Enid Bennett at Princess

Enid Bennett comes to the Princess theater tonight in "When Do We Eat," which is advertised as a picture full of good advice. "Independence B'Gosh," a comedy, is also on the program.

"Hearts of the World," reported as amazing in art and realism, and quite beyond compare with any previous achievement of even the wizard who created "The Birth of a Nation" and "Intolerance," will play its local engagement at the Princess Friday and Saturday, with performances at 2:10 and 8:10 p. m. daily.

In this, his newest screen offering, Mr. Griffith has filmed a vivid picture of the present great war, and amid a series of gigantic scenes he has interwoven a simple love story of tremendous human interest. This accomplishment was only made possible through the co-operation of the British and French War Offices.

The interpreting cast includes Lillian and Dorothy Gish, Robert Harrou, Master Ben Alexander, George Fawcett and George Seigman. The production will be presented in typical Griffith style, with elaborate sound effects. A brilliant score correctly synchronizing with the picture will be performed by a large symphony orchestra.

A Woman's Recommendation

Mrs. D. T. Tryor, Franklin Av., Osego, O., writes: "Nine years ago I was very much afflicted with kidney trouble. I bought different kinds of medicine, but all to no effect, until one day I bought a box of Foley Kidney Pills. I realized so great a benefit from the use of that box that I concluded myself cured of kidney trouble. I feel safe in recommending Foley Kidney Pills to any kidney sufferers." They relieve backache, sore muscles, stiff joints, rheumatic pains and bladder ailments. F. B. Johnson.-(Adv.)

RED BLOODED PEOPLE LIVE THE LONGEST

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly ageing body, mind and spirit.

Pure blood is red blood, rich in Iron and Phosphates with power to rid itself of waste matter and able to carry life-giving oxygen to every cell and nerve. It makes both young and old bright, happy, keen, and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron" the red blood and nerve builder.

Phosphated Iron enriches your blood and nerves, putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only.

Pitman & Wilson, Druggists, and leading Druggists everywhere.

ISSUE PLANS FOR RECONSTRUCTION

Radical Program of Catholics Distributed in Pamphlet Form Throughout Country

APPROVE WAR LABOR BOARD

Bishops Representing Hierarchy of Church Call of Labor to Resist Wage Reductions

Washington, Feb. 13.—An American reconstruction program, surprisingly radical in many of its features, backed by the official approval of the hierarchy of the Catholic church in America, was made public here today.

The program is to be distributed in pamphlet form throughout the country by the committee on special war activities of the National Catholic War Council. Its significance lies in the fact that it is tantamount to an official pronouncement of the Catholic church in America, as represented by its bishops and archbishops. The committee signing the paper consists of Rt. Rev. Peter J. Muldoon, bishop of Rockford, Ill.; Rt. Rev. Joseph Schrembs, bishop of Toledo, O.; Rt. Rev. Patrick J. Hayes, coadjutor bishop of New York, said to be slated for the office of archbishop of New York; and Rt. Rev. William T. Russell, bishop of Charleston, S. C.

This committee was selected to represent the Catholic bishops of America, and it is generally understood that every line of the pronouncement issued today has been carefully studied and passed upon by practically every notable Catholic prelate in the United States before being made public. The program, therefore, may be said to be an official statement of the attitude of the American Catholics toward social and economic problems now engaging the attention of all thinkers.

In many respects the program resembles that of the British Labor party. It endorses many social and economic doctrines heretofore pronounced socialistic by conservative thinkers.

The Catholic program is embodied in a pamphlet called "Social Reconstruction."

The Catholic bishops:

- Approve Sec. Lane's scheme for settling returned soldiers on reclaimed lands.
- Encourage labor to resist general wage reductions.
- Demand maintenance of wartime wage level in all except very few industries.
- As cities to correct bad housing conditions.
- Suggest that laws be passed to prevent the "extortionate practice of monopoly" that cause high cost of living.
- Suggest that more attention be given to possibilities of government competition with the big monopolies that apparently cannot be controlled otherwise.
- Approve co-operative stores, run and owned by working class.
- Demand legal minimum wage high enough to provide not only for present needs of worker and family, but a surplus that shall be sufficient for adequate savings.
- Approve social insurance against illness, invalidity, unemployment, and old age, the funds to be provided, so far as possible, by a levy on industry, as in accident compensation.
- Favor continuance of life insurance extended to soldiers by the government.
- Approve policies of war labor board, emphasize right of laborers to organize, recognize justice of collective bargaining principle, and

ask that the war labor board's activities be continued in peacetime.

Indorse movement of labor to obtain voice in management of industries, commonly called "industrial democracy."

Approve vocational training, but not any system of education that would tend to deprive children of workingmen of their opportunities for purely cultural training.

Deplore child labor, and approve plan to tax it out of existence.

The foregoing are the chief features of that portion of the program which its framers believe immediate.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New-life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Who Caused This Growth Five Million For Cream

That is what the Sugar Creek Creamery Company paid cow owners for their cream last year.

This big volume of business has been developed in eight years.

Such a growth, of itself, is a guarantee that our patrons not only have been paid full value for their cream, and been given fair treatment, but that it has brought them the greatest profit.

The thousands of satisfied patrons who sell us their cream have caused this remarkable growth. Just ask them what they think about us and our way of doing business. They know they are making more money from their cows now than they ever did before.

Our method of buying cream is just an honest man to man deal all around. Take your next can of cream to Mr. J. H. Buschmohle and you won't be disappointed.

We GUARANTEE it.

Sugar Creek Creamery Company

An Owner of a

FRANKLIN CAR

made the following statement unsolicited:

"It came over me the other day on a long ride to Boston and return, that this Franklin car of mine was a pretty good job, and that it was up to me to see that the man responsible for it did not go uncredited.

"The car was bought new the first of May, 1916. Since that time it has run 23,300 miles. It has never broken anything; the valves have never been ground, and it runs today just a little better than it did when new. The set of front tires which came with the car was taken off after running 20,000 miles, and was sold. I grew tired of waiting for them to wear out. The rear tires ran 14,000 to 15,000 miles."

GUARANTEE

WHAT IT MEANS

The lawful meaning of the word "guarantee" is this: that the person or persons issuing such a guarantee become parties to a contract along with the parties receiving the guarantee, and included in this also, is the third person or thing which is guaranteed and which becomes a part of the contract. When the RUSHVILLE SPECIAL Spreader is guaranteed for five years against all flaws and defects either in workmanship, material or construction, this MEANS something and becomes part of the value of this modern spreader.

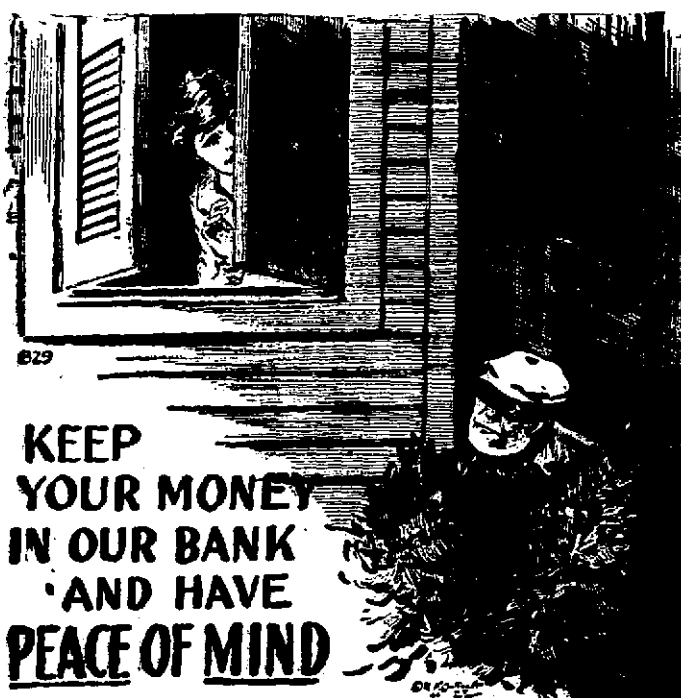

What the Litchfield Mfg. Co. agree to do they know from experience they can do and when you get a RUSHVILLE SPECIAL Spreader backed with a five year guarantee it should be distinctly understood that this is not a loose offer but a conservative agreement that can and will be made good in every detail.

We certainly do not wish to sell the RUSHVILLE SPECIAL Spreader because of this guarantee alone. It is given for your protection and to show you that the confidence of the Litchfield Mfg. Co. in this machine is based on facts and not enthusiasm. Every purchaser of a RUSHVILLE SPECIAL Spreader can get this guarantee without paying one cent extra for it. This makes it to the interest of the manufacturers to see that every part is built so strong and so perfect that no claim will be made on them.

The reason the RUSHVILLE SPECIAL Spreader is in a class by itself, unhampered by any imitations is that the vitally essential points are patented. The FOUNDATION ROCKS on which this machine rests are the SELF-CLEANING, FORCE FEED ENDLESS apron, NO-CHOKE box, BULL DOG cylinder, OIL PACKED main bearings, and other features not found on any other machine.

Come in and look at it. We will show it to you on your farm if you only say the word. A trial will dispell completely any doubt that may be lingering in your mind. If you are interested in making every penny invested in a manure spreader count to the utmost you will be sure to buy a RUSHVILLE SPECIAL Spreader.

THIRTY-EIGHT INDIANA MEN IN CASUALTY LIST

Total of Two Thousand Four Hundred and Twenty Four Reported by Commanding General

1023 ARE WOUNDED SLIGHTLY

Washington, Feb. 13.—The casualties for today as reported by the commanding general of the American Expeditionary Forces show: Killed in action, 12; died from wounds, 7; died of accident and other causes, 7; died of disease, 49; wounded severely, 253; wounded, degree undetermined, 1073; wounded slightly, 1023. Total 2424.

The thirty-eight Indiana men reported were:

Wounded severely—Lieut. Charles L. Jones, Richmond; Private Luba Gergevich, Indianapolis; Private Harold M. Day, Alexandria; Private Winford Wilson, Greenfield; Private John E. Mackessy, Lafayette; Private Alvin L. Robinson, Stillwell; Private George Ross, Clinton.

Killed in action—Private Waverly Smith, Bristow; Private Hugo Prell, Batesville.

Corp. Harry L. Brown, (previously reported missing in action), Marion; Corp. Ruel L. Hopkins, Arcadia; Corp. Carl Victor Weller, Marion; Wagoner Raymond Lendess, Red Key; Private Charles H. Sedden, Terre Haute; Private Epaminondas Alexandrakas, South Bend; Private Walter Glowacki, East Hammond; Private Otis Butcher, Bryant; Private William A. Drews, Brookville; Lieut. Lawrence Keith, Cullen; Private Stanley Lynch, Mameie; Private Earl Mack Fauser, Crown Point; Private Cletus Nicholas Fitzpatrick, Montgomery; Private Fred Milton Lowery, Indianapolis; Private Louie Roberts, Private Claudis E. Albin, Bristow; Private John Gates, Evansville; Private Robert N. Rogers, Lebanon.

Wounded slightly—Wagoner Neil Johnson, Medora; Private Andrew Stressler, Peru; Private Forest H. Hall, Connersville; Corp. George Bates Ferguson, Indianapolis; Corp. Albert C. Mashmeyer, Indianapolis; Private George C. Beaver, Ingalls; Private Cornelius T. Havercraft, Evansville; Private Oscar Huntzinger, Upland; Private Dennis McCamrack, Hadley; Private Harold E. Summer, Noblesville; Private Melr H. Hunt, La Porte.

IN NATURE'S SHOW

Washington, Feb. 13.—If admission to the national forests were charged at the prevailing cheap movie rate, 10 cents an hour, the government would have cleaned up \$7,500,000 last year.

More than 3,000,000 persons spent an average of 25 hours each in the national forests, camping, hunting, fishing, exploring and enjoying the scenery.

But the American people got all this fun for nothing.

A process has been discovered by which leather scrap can be converted into a valuable nitrogenous fertilizer.

ISSUES PLAN FOR RECONSTRUCTION

Continued from Page 7.

ly practical. The pronouncement also discusses reforms that should be accomplished as a part of a program projected farther into the future. It says:

"The possibilities of increased production will not be realized so long as the majority of the workers remain mere wage-earners. The majority must somehow become owners, or at least in part of the instruments of production. They can be enabled to reach this stage gradually through co-operative productive societies and co-partnership arrangements. In the former, the workers own and manage the industries themselves; in the latter they own a substantial part of the corporate stock and exercise a reasonable share in the management. However slow the attainment of these ends, they will have to be reached before we can have a thoroughly efficient system of production, or an industrial and social order that will be secure from the danger of revolution. It is to be noted that this particular modification of the exist-

ing order, though far-reaching and involving to a great extent the abolition of the wage system, would not mean the abolition of private ownership.

Big business is handed this bit of food for thought:

"For excessive gains by a small minority of privileged capitalists, the main remedies are prevention of monopolistic control of commodities, adequate government regulation of such public service monopolies as will remain under private operation, and heavy taxation of incomes, excess profits and inheritances. The precise methods by which genuine competition may be restored and maintained among business that are naturally competitive, cannot be discussed here; but the principle is clear that human beings cannot be trusted with the immense opportunities for oppression and extortion that go with the possession of monopoly power."

Be a Joy-Walker, "Gets-It" for Corns

3 Drops, 2 Seconds—Corn Is Doomed!

"My Corns Feel Clean Off, With 'Gets-It'!" of the world's magic and only genuine corn-peeler, "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick" razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried and O. K'd it for years. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Made by E. Lawrence & Co., Chicago, Ill.

There are Goods Canned and there are CANNED GOODS.

We've never had to do the former because our Goods are so good to eat. Our Canned Goods including: Fruits, Vegetables, Soups and Pickled Dainties are the real ingredients of the Quick Lunch. Our Butter and Eggs are always fresh and direct from your neighbor's farm. Eat wholesomely and economically by way of our catering.

Nothing is ever too much trouble—if it pleases our customers.

NEW ERA IS SEEN FOR BUSY DIXIE

Brings Assurances of Permanent Prosperity and Completion of Work Now Under Way

WORKING WITH ONE OBJECT

It Will Complete Development of Dixieland, Thereby Insuring Lasting Prosperity

(By United Press.)

Atlanta, Ga., Feb. 13.—A new day is dawning for Dixie, bringing assurances of permanent prosperity and completion of development work now under way, according to well-informed men who are close to the agricultural and industrial life of the South.

The South is enjoying unprecedented prosperity, but it will not stop short of permanent prosperity and completed development of its varied resources.

With banks filled with money, easily obtained at good rates for sound projects; with industry stabilized; with agricultural interests on a firmer and more diversified basis; with the number of unemployed negligible, and with capital and labor at peace, everybody south of the Mason and Dixon line is working with one object—to complete the development of Dixieland, thereby insuring lasting prosperity.

Optimism, based on progress made within the last few years and on excellent prospects for continuing development work, prevails throughout the South.

The industrial and agricultural Southland of today is as different from the South of a few years ago as experienced men in these lines can make it.

Considered from a purely monetary standpoint, the war was worth billions of dollars to the Southeast, business men point out.

Much money was spent locally in construction of war camps and plants; through acquisition of government securities by the people, and through development of idle and waste lands.

Agricultural reforms, adopted because of war time necessity, probably will prove to be the most valuable thing resulting from the war for Dixie, farmers believe.

Appended to by the government for increased food production, Southern planters dropped cotton—heretofore a one-crop product—and turned to diversified farming. Introduction, too, of improved and labor-saving machinery, because of a shortage in farm labor, was made.

An educational campaign was necessary, but today the movement for diversified crops is a success. It was the turning point in the South's development, planters and business men alike agree.

Great credit for the success of this movement is given to the county agents, who have not only shown Southern farmers how to raise and produce vegetables, truck crops, field crops and meat crops, but have been successful in getting the farmers to raise such products on a large scale.

Before the war, Dixie annually imported about \$600,000,000 worth of corn, oats, hay, flour, meat and meat products, dairy products and canned goods.

Today, the South is very nearly on a self-supporting basis.

Last year, the 11 states comprising the cotton belt produced 135 per cent more wheat than in 1909. These same states during this period increased their oat crop 133 per cent, hay crop 128 per cent, potatoes 117 per cent and sweet potatoes 67 per cent.

Hog and cattle raising has developed proportionately with the increase in corn and other grain production. New packing houses and stock yards are being established throughout the South.

Blooded hogs and cattle, found to be more economical in the production of meat, are fast replacing scrub animals.

As an indication of the increase in cattle raising in the South, Mississippi in 1914 marketed only 86,299 fat cattle, while last year it shipped 156,237 animals, an increase of 181 per cent.

Another source of confidence in the future is found in the large amount of cotton held by Southern planters to "bail" the market. Con-

servative estimates place the amount held for higher prices between 4,000,000 and 5,000,000 bales. Prices ranging from 35 to 40 cents a pound are being demanded by owners of the fleecy staple.

The naval stores market, held in a state of uncertainty because of cancellation of government contracts and extension of export restrictions, is expected to take a sharp upward trend with the signing of the peace treaty. Dixie's pine forests produce more turpentine and rosin than those of the rest of the entire world put together, averaging between \$40,000,000 and \$50,000,000 annually. This year's production probably will exceed \$70,000,000, dealers predict.

Real estate men can see nothing but good times ahead. A building wave, second to none in the South's history, is rapidly gaining momentum.

Every city, town and village south of the Mason and Dixon line has experienced a shortage of dwelling houses. Now that government restrictions on building have been removed, people who a few years ago never dreamed of owning their homes, are preparing to build.

In Atlanta as well as many other large cities, including Augusta, Charlotte, Columbia, Charleston, Richmond, Macon, Savannah, Jacksonville, Brunswick, Tampa, Columbus, Montgomery, Nashville, Chattanooga, Memphis, Mobile and New Orleans, vacant houses are scarce, and in many instances unobtainable.

One of the largest real estate concerns in Atlanta and the South, predicts a steady flow of real estate transactions.

Farming on a large scale is attracting northern capital. Florida has several of these big farms.

Notable among such undertakings is revealed in the recent purchase of a tract of land approximately 50 miles square near Palm Beach by H. S. Kelsey, of Boston.

A model farm of approximately 38,000 acres, exploiting the possibilities of Florida and the South to the agricultural world, is Kelsey's plan.

All states now admit women to the practice of law.

World's Largest Concrete Stave Silo

Erected in 8 Days

This is the world's largest Concrete Stave Silo. It was built of concrete staves; is 65 ft. high, and 20 ft. in diameter. When filled it will contain 600 tons of silage, requiring 66 acres of corn averaging 50 bushels to the acre. Contents will feed 190 cattle for 180 days. It was put-up in 8 days.

This mammoth Stave Silo was erected to order for George W. Unger, of Carlisle, Ind., by the Concrete Silo Company of Bloomfield, Ind., the well-known builders of the Concrete Stave Silos, and who have put up within the last few years in the states of Indiana, Ohio, and Illinois, several hundreds of Concrete Stave Silos, from the smallest to the largest sizes.

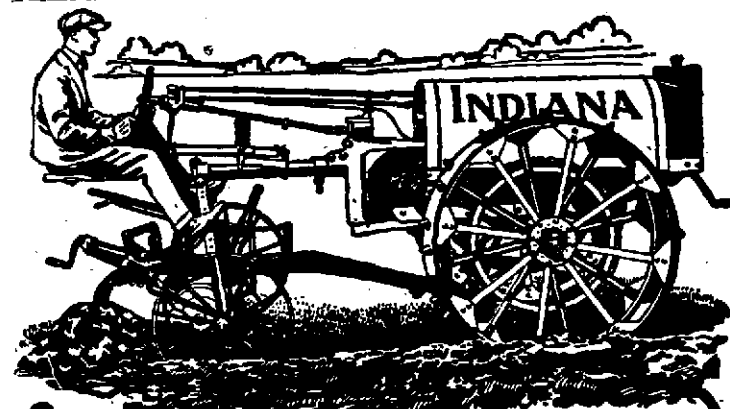

They make their Concrete staves by a special process, and in a size and shape that enables them to erect a good sized silo in two to four days—which means a big saving to the farmer in the matter of boarding the help, to say nothing in the cost of material. When once erected, these Concrete Stave Silos are impervious to the elements or fire, as has been demonstrated by the most severe tests. They are built to last forever. Some counties in Indiana alone, have as many as 200 of these Concrete Stave Silos.

INDIANA ALL-ROUND TRACTOR

The World's Tractor

HERE IS a one-man, single-unit, two-wheeled tractor that weighs no more than one large horse and does the work of four horses.

It really replaces horses—does work horses do and saves \$450 a year under horse costs. Saves also the wages of one man.

The Indiana is used with horse implements—the ones that you already have on your farm. Requires no special and expensive hitch—no special equipment.

It is just the right size and power to plow, drill, harrow, cultivate, mow, rake, pull a binder, etc. There is no excess weight, and no waste fuel.

This is the right tractor for big and little farms. It is superior in every detail of construction. It is low in price. Sold by the Indiana Silo Company, makers of the world's largest selling and most popular silo—a company whose products and fair business methods every farmer knows.

Ask us to show you the tractor and give you all the facts.

Will be ready to demonstrate in about a week.
